

Explosion Blows Six-Story Building to Bits, Killing Seven Men, Injuring Sixty

TIGER VICTORY CELEBRATED BY 500,000 FANS

"Goose" Goslin Fails To Reach His Hotel

Chicago, Oct. 7.—(AP)—A devastating explosion blew a six-story building to bits today, killing seven men and injuring at least 60 persons.

Seven bodies had been recovered from the ruins tonight. Six men still were missing. Twenty-six of the victims were in hospitals, some in serious condition.

Laboring under floodlights through the night, workmen dug into a half-block square of bricks, twisted steel, broken machinery, shattered tanks and concrete for bodies. The debris was heaped as high as 25 feet. It was all that was left of the Glidden Boys Products Co. plant which was blasted into the air as if by a gigantic bomb.

The blast occurred at 11:40 a. m.

The 500,000 pillar of smoke and sear of debris could be seen for miles. Detonations broke windows and dishes in shops and homes within a mile radius. Pedestrians and house-holders were knocked down. Panic temporarily gripped the far north-west side neighborhood. Children left schools. Householders ran into the streets. Factories were deserted.

Heavy fragments crashed down on six adjacent buildings. Some workers were propelled through glassless windows. One employee of the main Glidden plant was catapulted across the street. Some of his colleagues were trapped under tons of wreckage.

Thousands of the curious swarmed about the wreckage tonight. Among them were anxious relatives awaiting definite word of the missing.

Extreme difficulty was encountered in compiling the mortality list. The concern reopened only this morning after a five week shutdown to permit installation of new machinery. Officials said they did not know the names of some of the new employees. Roy Brett, the general manager, was in serious condition from a head wound.

The revised list of known dead is furnished by the coroner's office and officers of the company:

Dana Noyes Merrill, 35, chemical engineer, son of General Dana Merrill, commander of Ft. Sheridan.

John Satorsky, 33, chemist of Lakeside.

Edwin Seabury, 48.

William Harger, 40, general superintendent.

Samuel Van Gelder.

Dan Payne, 40.

Max Spoor, 28, engineer for a German concern who installed machinery in a new wing of the Glidden plant.

Fire attorney Thomas Sheridan drew up this list of missing: William Cruz, P. Lovell, Edward Beane, John Satorsky, P. Covey and C. Heiser.

Z. G. Peck, vice president of the Glidden company, said he feared especially for Cruz, Lovell and Covey because they were in the plant that was ripped asunder.

Fire Marshal Mitchell Corrigan expressed belief that laboratory experiments might have caused the explosion. He also investigated the theory that a dust accumulation was responsible.

High Court Term Is Opened With Scant Fanfare

Washington, Oct. 7.—(AP)—Four New Deal laws faced the crucible of supreme court interpretation tonight after the nine justices solemnly had opened a term bearing promise of making an epoch in constitutional interpretation.

As the court left vacation behind to dedicate its magnificent new home with a routine session, a fifth New Deal case, involving the right to donate PWA funds for municipal power plants, was withdrawn suddenly.

Attorneys for the Kansas Utilities company which had challenged the constitutionality of a \$45,000 PWA donation to Burlington, Kas., said the withdrawal was made because a similar suit which they considered in better form was pending in the District of Columbia supreme court.

In the four cases that remained, however, lay fundamental issues in which the court's rulings may project new taxes, or even bring a demand for a constitutional amendment.

Most important to the administration among the four New Deal cases is one involving the validity of AAA processing taxes the others center on the validity of cotton ginning taxes under the Bankhead act; the right of the Tennessee Valley authority to acquire distributing systems for the sale of power to municipalities; and the government's power to condemn land for housing projects.

Sitting for only 82 minutes in a dimly lighted court room crowded to capacity, the justices spent all except four minutes of the time admitting 113 attorneys to practice.

Half a dozen motions followed, two involving cases of national interest. One was a second petition for a writ of habeas corpus to obtain the release of Thomas J. Mooney, serving a life sentence in connection with the Prentiss massacre in 1916.

San Francisco in 1916. In the second, a request of several liberal and religious groups to join the appeal of Angelo Herndon, Georgia Negro sentenced for radical activities.

Then Chief Justice Hughes announced a recess until next Monday "in order that the court can have the opportunity to consider pending cases."

In keeping with dignity and tradition, the court gave no outward sign that it was at last meeting in a \$11,500,000 home of its own after 146 years as a tenant.

Mussolini's Generals Are Fortifying Their Lines; Counter-Attack is Feared

Crisp Comment in National News By Associated Press

By The Associated Press

William Green, president of the American Federation of Labor, opening the organization's 57th annual convention by denouncing a proposed labor party as the desire of "foreign capital."

"No organization meeting on foreign soil can tell the American Federation of Labor what it should or should not do."

Mickey Cochrane, manager of the world champion Detroit Tigers, answering the question, "What was your greatest thrill of the series?"

"Crossing that plate with the winning run in the ninth."

Kenesaw Mountain Landis, commissioner of baseball:

"I never saw a greater world series game."

Charles Grinnam, Cub manager, gripping Cochrane's hand after the deciding game:

"It was a tough one to lose but we were beaten by a grand ball club."

Frank O. Van De Westelaken, president of the Master Brewers Association, relating how the brewing industry has snapped back from near extinction to about 70 per cent of peak production:

"It took 300 years for the American Brewing Industry to reach a peak production of 65,000,000 barrels about 20 years ago. But in two and a half years since repeal, the industry has reached about 70 per cent of the peak."

Senator Robinson of Arkansas, the democratic leader, attacking Herbert Hoover's speech to Western States republicans gathered at Oakland, Cal., last week:

"Mr. Hoover's statement is what might reasonably have been expected of an ex-president, defeated in his effort at re-election, who is seeking to get back."

Governor Horner In Conference With Officials

Chicago, Oct. 7.—(AP)—A 30-day truce in a milk strike which spread violence through half a dozen counties and cut Chicago's milk supply an estimated 50 per cent in the last week was tentatively approved today by representatives of the warring factions.

Governor Henry Horner announced that members of the Pure Milk Association, the Associated Milk Dealers, Inc., and the United Farmers of Illinois, the striking group, will be asked to ratify the truce and report in 24 hours.

In the meantime, leaders of the farmers' negotiating committee pledged to stop all violence in the far-flung milk producing districts. They issued a call to all strikers to cease interference with any milk shipments on railroads or highways.

If the truce is declared, Governor Horner will appoint an impartial commission to study the causes of the controversy.

"It is my hope and belief that such a commission will be able to make recommendations which will improve and permanently stabilize marketing conditions," the governor said.

At the same time he issued a warning to strikers, stating:

"We will tolerate no interference by any of the parties in the milk dispute or any other persons to the free and open use of public roads of this state for legitimate purposes."

The agreement of the milk groups to place before their organizations the terms of Governor Horner's proposal came after a day of conferences, during which the governor met with each group in turn.

Prices, the chief issue in the milk war, were not discussed in the conferences. The governor and pure milk officials said. Strikers have demanded \$2.50 a hundredweight, which their claim is cost of production. The PMA contract with associated dealers allows \$1.75 for 90 per cent of each farmer's established base.

Before the conferences ended bands of strike pickets continued their attacks on milk shipments. At Elgin, Ill., 20 striking farmers were arrested after drivers had been hauled from their trucks and cases of bottled milk broken in the street.

State and local authorities earlier today were ordered by the governor to "make every effort" to break the milk blockade.

TRUCE MAY BE DECLARED IN MILK STRIKE

Emperor Haile Selassie is Planning to Lead Huge Army Into Field Against Italians

By James A. Mills

Addis Ababa, Oct. 7.—(AP)—Despite rumors that Italy has proposed peace terms, Emperor Haile Selassie laid plans today to lead personally a huge army into the field against his fascist foes.

An official Ethiopian source termed the peace rumors "almost" true, but would not go further. The Italian minister, Luigi Vinelli-Gigliucci, said he was not aware of such a proposal.

Little Haile Selassie will head an army of 120,000 warriors. It was disclosed. Within a fortnight, he expects to have 600,000 well-armed men in the field and 400,000 others variously armed.

Ethiopia was expected to make a stand at the edge of the vast central plateau near Dessale, which lies at a middle point in the triangle formed by Addis Ababa, Adowa and Mount Mussa Ali.

The road to Dessale is now being prepared. For the first 30 miles, Haile Selassie will travel by mule and for the remainder of the journey will ride in a modern automobile. With him will be Ras Mulatse, minister of war and one of Ethiopia's ablest generals.

The government asserted today the Italian occupation yesterday of Adowa and Addis Ababa was a "violation of the covenant to subject resistance and that Ethiopians evacuated the towns in an orderly fashion in accordance with a pre-conceived plan."

Ethiopia, a spokesman asserted, plans to make a stand in mountains 40 miles south of Adowa which natives consider impregnable. Adowa is of no military importance, it was asserted.

A special meeting today the diplomatic corps agreed to ask their various governments to appeal to Italy not to bomb Addis Ababa and other large towns, where many foreigners are living. The Italian minister did not attend the meeting.

Sources close to Haile Selassie represented him as being bitterly disappointed by President Roosevelt's proclamation placing an embargo upon arms shipments. Ethiopia has no munitions factories, while Italy has a number.

"Italian troops escorted by 20 airplanes yesterday entered Adowa after taking Adigrat," the note said.

"Our troops situated outside Adowa are still there. All encounters that so far have taken place were with our front guards and small isolated detachments. Our troops have not yet entered into action."

LEAGUE REPORT STAMPS ITALY AS WAR-MAKER

Group Paves Way For Sanctions Against Italians

London, Oct. 7.—(AP)—The League of Nations stamped bellicose Italy with the stigma of war-maker tonight and thus prepared the full weight of economic sanctions for the shoulders of Benito Mussolini.

Accepting a committee report which held Italy flouted the League Covenant by warring on little Ethiopia instead of seeking arbitration, the League Council solemnly proclaimed it Duce's drive into Africa to be "an act of war against all other members of the league."

By their action the powers at Geneva made sanctions against the Fascist state obligatory.

Article XVI, the punitive section of the League Covenant, provides that members shall undertake to subject a violator of the covenant to "the severance of all trade or financial relations and the prohibition of all intercourse between their nations and nationals of the covenant-breaking state."

What will this mean? There were these preliminary answers:

1.—Italy, consolidating her newly won lines in northern Africa, is willing to pay the price of her conquest in economic sanctions. Informed sources said at Rome. Nor does she intend to bolt the league because of today's grave step at Geneva. It was indicated.

2.—Great Britain, authoritative sources stated, stands prepared to work at Geneva for the quickest and fullest penalties possible against Italy under Article XVI of the covenant.

3.—France assured Great Britain she would give her armed aid on land, on sea or in the air in case of an attack during preparations for enforcement of league sanctions, but insisted the "proposed obligation of assistance must be reduced."

4.—League observers at Geneva, ascribing some of the credit for today's action to the initiative of President Roosevelt of the United States in coming out squarely and recognizing a state of war, said unquestionably a further co-ordination of action between the league and America would be sought as the situation develops.

United States coast guard and customs officials received orders today to halt the shipment of arms or munitions to either Italy or Ethiopia, and Secretary of State Hull said the American neutrality pronouncements had been made without aid or advice from any other nation.

Although Article XVI carries an optional provision for employment of armed force against a violator of the covenant, there was little likelihood this would be applied except as a last resort.

The League Assembly meets in "urgent" session Wednesday. It was expected a co-ordinating committee would be named to draw up the plan for economic sanctions and to fix the date on which they will apply.

On the Adowa-Adigrat front the mighty modern armies of Italy were held in leash to consolidate their positions, and there were indications in dispatches from military headquarters that no further advance would be made for several days.

Eager Blackbirds, who captured Adowa, site of Italian defeat 39 years ago, were impatient to penetrate farther into Ethiopia, but their officers restrained them, knowing too rapid an advance might cost many lives.

Ethiopian forces were reported massing in the mountains to the south of Adowa, and the Italians took precautions against a counter attack.

From Addis Ababa came word that Emperor Haile Selassie had laid plans to personally lead an army of 120,000 warriors to battle.

An official Ethiopian source termed rumors of Italian peace proposals as "almost true," but would go no further.

12 Persons Are Killed In Crash Of U. A. L. Plane

Washington, Oct. 7.—(AP)—Senator Robinson of Arkansas, the democratic leader, tonight accused Herbert Hoover of "misstatements and distortions" in his Coldland speech attacking New Deal spending and policies.

In a statement issued through the democratic national committee, Robinson asserted "Mr. Hoover's statement is what might reasonably have been expected of an ex-president, defeated in his effort at re-election, who is seeking to get back."

Hoover was enroute to New York tonight when the statement was issued. Lawrence Richey, Washington representative of the former president, said he would meet Hoover in Manhattan Wednesday morning, and that a number of confederates with political and personal friends would follow.

Another democratic spokesman, Speaker Byrnes, also entered the discussion of issues and expenditures. He told newspapermen in his office that "there is every reason in the world why we should reduce expenditures provided business does its part." The constitution issue, he said, was "just a red herring."

Hitting back at Hoover's speech, Robinson contended that it might "be expected that a former president of the United States might have abstained from the misstatements and distortions of the ordinary campaign propagandist."

"It seems to be," he said, "that the general opinion of the country is that if Mr. Hoover had been re-elected and his drifting, do-nothing policy had persevered, the horsemen we in this country would have had to face would have been wholesale starvation, complete bankruptcy or revolution."

The former president had said that unless the budget were balanced and expenses cut "we shall see one of these three horsemen ravage the land—taxation, or repudiation, or inflation."

Robinson said Hoover's "alleged statistics" on the national debt and the deficit "indicate bookkeeping errors ranging from \$5,000,000,000 to \$9,000,000,000."

Hoover said expenditures are "running over \$8,000,000,000 a year." Robinson declared the budget estimate to show "total expenditures will be \$7,752,000,000. Hoover said 'the unpaid government obligations which will fall on the taxpayer at the end of the year'—\$3,000,000,000. Robinson averred that on June 30, 1935, 'the total national debt will be approximately \$30,724,000,000.'"

12 Persons Are Killed In Crash Of U. A. L. Plane

Cheyenne, Wyo.—(AP)—Twelve persons—nine passengers and a crew of three—were crushed to death early today as an United Air Lines transport plane crashed on a knoll on the rolling plains 15 miles west of here. The ship was flying from Oakland, Calif.

The veteran pilot, H. A. (No Collision) Colson, appeared in ideal weather with his twin-motored (Boeing) liner, preparatory to a scheduled stop here, when he struck the top of one hill, lost his propeller and plummeted against another hillside.

The plane smashed into the ground about 2:15 a. m., Mountain Standard Time. It was torn and twisted but did not catch fire.

After a regular stop at Salt Lake City just before last midnight, the cross-country liner (U. A. L. Trip No. 4), had reported its progress by radio and asked wind information just five minutes flying time west of Cheyenne.

The crumpled wreckage was found by a fleet of searchers dispatched from here near dawn just as another band of airmen took off from Salt Lake City to seek a Standard Oil company transport ship missing in the briny area of Great Salt Lake with three persons aboard since Sunday.

Besides Colson, the United Air Lines announced the dead were: George Batty, 27, co-pilot, Denver, Leona Mason, 28, stewardess, Miss Juliet Hillman, Pittsburgh, Pa., socialite.

Charles H. Matthews, Jr., Pittsburgh banking friend of the Mellon family.

Mrs. Cora Lyn Cathcart, Portland, Ore., mother of a U. A. L. pilot, who had flown her to Salt Lake City to board the transport.

Ray Bane, Greeley, Colo., washing machine company representative.

John P. Cushing, Evanston, Ill., president of the Great Lakes Dredge & Dock Co.

G. H. Miner, Chicago Game Board company executive.

Vincent Butler, San Francisco oil attorney.

Helen Warren, United Air Lines employee, Chicago.

Robert H. Rennebome, 28, said by San Francisco police inspector George Curtis to be a fugitive on bad check charges.

Head Of Wheaton College Will Be Tried October 28

Chicago, Oct. 7.—(AP)—Trial of Dr. James Oliver Buswell, Jr., president of Wheaton (Ill.) College, on charges of insubordination and conspiracy to undermine the Presbyterian Board of Christian Education, was set for Oct. 28 today by the Judicial Commission of the Chicago Presbytery.

The date was fixed after the fundamentalist clergyman had challenged the right of the ecclesiastical court to judge his case.

One member of the commission has "communist affiliations," Dr. Buswell alleged, and he questioned the "doctrinal purity" of another, while the third, he claimed, had "prejudiced the case."

Arguments on the challenges will be heard at the next session of the commission, it was reported.

Dr. Buswell stated yesterday he expected to be untroubled because of his affiliation with an independent mission board led by Dr. J. Gresham Machen, Philadelphia.

The college president and his sympathizers have charged the Presbyterian Mission Board with "unbiblical teachings" in certain mission fields.

WILLIAM GREEN SAYS LABOR IS AGAINST WAR

Washington, Oct. 7.—(AP)—European dictators and assorted communist attempts to gain control of the American labor movement were assailed today by William Green, president of the American Federation of Labor, in opening the federation's fifty-fifth annual convention.

Green drew resounding applause from the 600 delegates when he blamed the Ethiopian war on dictatorial government, and said American labor would not permit this country to become involved.

Another outburst of applause followed his statement that no communist organization could tell the federation what it should or should not do.

Green berated the "reds" in connection with his discussion of sentiment within the federal for organization of an independent political party.

"The American Federation of Labor, in my judgment, declare itself in favor of independent political action in the formation of an independent political party when the crystallized opinion of the workers indicates that they believe their interests can be better served through such action rather than through the pursuit of a non-partisan political policy," he said.

"The American Federation of Labor will not be coerced into taking that action. It will not take that action because some order comes from some gathering in a foreign country directing the workers of the nation to form an independent labor party."

"We face all these issues bravely. There is no attempt to evade them. We want to do that very thing that will best provide the social and economic and industrial interests of the workers and the great movement will take advanced positions from time to time as we feel the circumstances and the realities of a situation and the facts indisputably warrant."

"But no government in a foreign land, no camouflaged organization meeting on foreign soil can tell the Federation of Labor what it should or should not do."

American labor, Green said, was added by the boat of drama in Europe "because we hoped, and believed that when the great world war had ended we had truly made America and the world safe for democracy."

"Selfishness," he said, "must be responsible for the conflict."

Will Not Permit This Country To Enter Conflict

ALICE S. STOLL TAKES STAND IN KIDNAPING CASE

Says Thomas Robinson Abducted Her Under Threat Of Death

Louisville, Ky., Oct. 7.—(AP)—Mrs. Alice Speed Stoll, wealthy and formerly young society matron, told a federal court jury today that Thomas H. Robinson, Jr., abducted her under threat of death to herself and her husband, slugged her twice with an iron pipe, and held her prisoner for six days until her family paid \$50,000 ransom.

Mrs. Stoll calmly related that young Robinson gained entrance to her home on Oct. 16 last year by posing as a telephone repairman. She said "I never saw him before he came into my room that day."

Testifying in the kidnaping trial of Mrs. Thomas H. Robinson, Jr., and Thomas H. Robinson, Sr., wife and father of the alleged abductor, Mrs. Stoll said her head had 24 hours from a long out of her hand hit her with a heavy iron pipe in her struggle for his gun, how he threatened her with death and stood over her while she wrote notes to her husband, her friends and the kidnaper's father whom he had named as intermediary to receive the ransom.

The three Robinsons are jointly charged with the kidnaping. Robinson Jr., is still a fugitive, named by the department of justice as one of the nation's leading "public enemies."

Mrs. Stoll was the seventh government witness against the two defendants, both of whom came here from Nashville for the trial.

After a regular stop at Salt Lake City just before last midnight, the cross-country liner (U. A. L. Trip No. 4), had reported its progress by radio and asked wind information just five minutes flying time west of Cheyenne.

The crumpled wreckage was found by a fleet of searchers dispatched from here near dawn just as another band of airmen took off from Salt Lake City to seek a Standard Oil company transport ship missing in the briny area of Great Salt Lake with three persons aboard since Sunday.

Besides Colson, the United Air Lines announced the dead were: George Batty, 27, co-pilot, Denver, Leona Mason, 28, stewardess, Miss Juliet Hillman, Pittsburgh, Pa., socialite.

Charles H. Matthews, Jr., Pittsburgh banking friend of the Mellon family.

Mrs. Cora Lyn Cathcart, Portland, Ore., mother of a U. A. L. pilot, who had flown her to Salt Lake City to board the transport.

Ray Bane, Greeley, Colo., washing machine company representative.

John P. Cushing, Evanston, Ill., president of the Great Lakes Dredge & Dock Co.

G. H. Miner, Chicago Game Board company executive.

Vincent Butler, San Francisco oil attorney.

Helen Warren, United Air Lines employee, Chicago.

Robert H. Rennebome, 28, said by San Francisco police inspector George Curtis to be a fugitive on bad check charges.

12 Persons Are Killed In Crash Of U. A. L. Plane

Cheyenne, Wyo.—(AP)—Twelve persons—nine passengers and a crew of three—were crushed to death early today as an United Air Lines transport plane crashed on a knoll on the rolling plains 15 miles west of here. The ship was flying from Oakland, Calif.

The veteran pilot, H. A. (No Collision) Colson, appeared in ideal weather with his twin-motored (Boeing) liner, preparatory to a scheduled stop here, when he struck the top of one hill, lost his propeller and plummeted against another hillside.

The plane smashed into the ground about 2:15 a. m., Mountain Standard Time. It was torn and twisted but did not catch fire.

Senator Robinson Of Arkansas Issues Statement

Washington, Oct. 7.—(AP)—Senator Robinson of Arkansas, the democratic leader, tonight accused Herbert Hoover of "misstatements and distortions" in his Coldland speech attacking New Deal spending and policies.

In a statement issued through the democratic national committee, Robinson asserted "Mr. Hoover's statement is what might reasonably have been expected of an ex-president, defeated in his effort at re-election, who is seeking to get back."

Hoover was enroute to New York tonight when the statement was issued. Lawrence Richey, Washington representative of the former president, said he would meet Hoover in Manhattan Wednesday morning, and that a number of confederates with political and personal friends would follow.

Another democratic spokesman, Speaker Byrnes, also entered the discussion of issues and expenditures. He told newspapermen in his office that "there is every reason in the world why we should reduce expenditures provided business does its part." The constitution issue, he said, was "just a red herring."

Hitting back at Hoover's speech, Robinson contended that it might "be expected that a former president of the United States might have abstained from the misstatements and distortions of the ordinary campaign propagandist."

"It seems to be," he said, "that the general opinion of the country is that if Mr. Hoover had been re-elected and his drifting, do-nothing policy had persevered, the horsemen we in this country would have had to face would have been wholesale starvation, complete bankruptcy or revolution."

The former president had said that unless the budget were balanced and expenses cut "we shall see one of these three horsemen ravage the land—taxation, or repudiation, or inflation."

Robinson said Hoover's "alleged statistics" on the national debt and the deficit "indicate bookkeeping errors ranging from \$5,000,000,000 to \$9,000,000,000."

Hoover said expenditures are "running over \$8,000,000,000 a year." Robinson declared the budget estimate to show "total expenditures will be \$7,752,000,000. Hoover said 'the unpaid government obligations which will fall on the taxpayer at the end of the year'—\$3,000,000,000. Robinson averred that on June 30, 1935, 'the total national debt will be approximately \$30,724,000,000.'"

Explosion Blows Six-Story Building to Bits, Killing Seven Men, Injuring Sixty

TIGER VICTORY CELEBRATED BY 500,000 FANS

"Goose" Goslin Fails To Reach His Hotel

Chicago, Oct. 7.—(AP)—A devastating explosion blew a six-story building to bits today—killing between seven and 13 men and injuring at least 60 persons.

Seven bodies had been recovered from the ruins tonight. Six men still were missing. Twenty-six of the victims were in hospitals, some in serious condition.

Laboring under floodlights through the night, workmen dug into a half-block square of bricks, twisted steel, broken machinery, shattered tanks and concrete for bodies. The debris was heaped as high as 25 feet. It was all that was left of the Glidden Soy Products Co. plant which was blasted into the air as if by a gigantic bomb.

The blast occurred at 11:40 a. m.

The \$500,000 pillar of smoke and geyser of debris could be seen for miles. Detonations broke windows and dishes in shops and homes within a mile radius. Pedestrians and householders were knocked down. Panic temporarily gripped the far northern-west side neighborhood. Children left schools. Householders ran into the streets. Factories were deserted.

Heavy fragments crashed down on six adjacent buildings. Some workers were propelled through glassless windows. One employee of the main Glidden plant was catapulted across the street. Some of his colleagues were trapped under tons of wreckage.

Thousands of the curious swarmed about the wreckage tonight. Among them were anxious relatives awaiting definite word of the missing.

Extreme difficulty was encountered in compiling the mortality list. The concern reopened only this morning after a five week shutdown to permit installation of new machinery. Officials said they did not know the names of some of the new employees. Roy Brett, the general manager, was in serious condition from a head wound.

The revised list of known dead is furnished by the coroner's office and officers of the company:

Dana Noyes Merrill, 35, chemical engineer, son of General Dana Merrill, commandant of Ft. Sheridan.

John Satokey, 35, chemist of Lakeview, O.

Edwin Seaburg, 48, general superintendent.

Samuel Van Gelder.

Don Payne, 40.

Max Spoor, 28, engineer for a German concern who installed machinery in a new wing of the Glidden plant.

Fire attorney Thomas Sheehan drew up this list of missing: William Cruz, P. Lovell, Edward Beang, John Stonis, P. Covey and C. Heicher.

Z. G. Peck, vice president of the Glidden company, said he feared especially for Cruz, Lovell and Covey because they were in the plant that was ripped asunder.

Fire Marshal Mitchell Corrigan expressed belief that laboratory experiments might have caused the explosion. He also investigated the theory that a dust accumulation was responsible.

"Goose" Goslin, who cracked out the hit that put the Bengals over the hill in the ninth inning, never got to his hotel. As he was driven up by a white faced taxi-driver, a swarming avalanche of fans pinned the car to the curb and the "Goose" couldn't even get the door open. Giving up, Goslin eventually got out of the crush and departed on foot for some place where there was quiet.

Loud speaker trucks, sound apparatus pitched to maximum, paraded the streets blaring triumphant parody of "Hold That Tiger!"

Meanwhile, traffic packed itself into a jam that outdid the wildest nightmare ever dreamed of by the oldest traffic cop on the force. It wasn't just snarled—it didn't move.

No serious disturbances were reported. In a few instances, police had some difficulty in restraining the surging crowds, but officials said these were settled without trouble and the crowds were extremely good tempered.

Firemen with chemical tanks squelched the victory bonfires built on downtown streets, and sent "scout cars" to check on alarms before heavier equipment was ordered out.

The fans spared no inventiveness in getting about the business of commemorating the first world series championship brought home by Mickey Cochrane's Bengal clan. Every device from a tin whistle to a harbor tug bell added to the din. Street vendors of fuzzy tiger lapel ornaments, confetti, tiger banners and anything that would contribute to the deafening bedlam sold out long before midnight and bemoaned their luck when they couldn't get more stock.

"There's no doubt," said Inspector William Maloney, directing mounted reserves who steered the traffic, "that it's Detroit's biggest crowd in history."

The celebration extended into the residential sections. Motorists jockeyed, many of them in vain, for places in traffic lanes leading to the central, carnival area. Passengers disgustedly left street cars and plodded their way on to the parade.

Just before midnight, tavern proprietors appealed to police to help thin out the customers. They complained the crush of trade was threatening destruction to windows and fixtures as hilarious celebrants drank successive toasts to "The Old Red Gander," "Mickey, the Mike," "General Crowder," and on through the Tiger roster.

Streets through the business sector were ankle deep in feathers, ticker tape and torn paper.

George H. Fisher, supervisor of street cleaning, warned his way through the crowds trying to estimate the extra force required to clear the debris. "If we ever reach the bottom of it, well probably find some Tiger fan who'll muster up a faint hooray," he commented.

High Court Term Is Opened With Scant Fanfare

Supreme Court Will Interpret New Deal Laws

Washington, Oct. 7.—(AP)—Four New Deal laws faced the crucible of supreme court interpretation tonight after the nine justices solemnly had opened a term bearing promise of making an epoch in constitutional interpretation.

As the court left vacation behind to dedicate its magnificent new home with a routine session, a fifth New Deal case, involving the right to donate PWA funds for municipal power plants, was withdrawn suddenly.

Attorneys for the Kansas Utilities company, which had challenged the constitutionality of a \$45,300 PWA donation to Burlington, Kas., said the withdrawal was made because a similar unit which they considered in better form was pending in the District of Columbia supreme court.

In the four cases that remained, however, lay fundamental issues in which the court's rulings may project new taxes, or even bring a demand for a constitutional amendment.

Most important to the administration among the four New Deal cases is one involving the validity of AAA processing taxes the others center on the validity of cotton ginning taxes under the Bankhead act; the right of the Tennessee Valley authority to acquire distributing systems for the sale of power to municipalities, and the government's power to condemn land for housing projects.

Sitting for only 82 minutes in a dimly lighted court room crowded to capacity, the justices spent all except four minutes of the time admitting 113 attorneys to practice.

Half a dozen motions followed, two involving cases of national interest. One was a second petition for a writ of habeas corpus to obtain the release of Thomas J. Mooney, serving a life sentence in connection with the Preparedness Day parade bombing in San Francisco in 1916. The other was a request of several liberal and religious groups to join the appeal of Angelo Herndon, Georgia Negro sentenced for radical activities.

Then Chief Justice Hughes announced a recess until next Monday "in order that the court can have the opportunity to consider pending cases."

In keeping with dignity and tradition, the court gave no outward sign that it was at last meeting in a \$11,500,000 home of its own after 145 years as a tenant.

Head Of Wheaton College Will Be Tried October 28

Charged With Insubordination And Conspiracy To Undermine Church Board

Chicago, Oct. 7.—(AP)—Trial of Dr. James Oliver Buswell, Jr., president of Wheaton (Ill.) College, on charges of insubordination and conspiracy to undermine the Presbyterian Board of Christian Education, was set for Oct. 28 today by the Judicial Commission of the Chicago Presbytery.

The date was fixed after the fundamentalist clergyman had challenged the right of the ecclesiastical court to judge his case.

One member of the commission has "communist affiliations," Dr. Buswell alleged, and he questioned the "doctrinal purity" of another, while the third, he claimed, had "prejudged the case."

Arguments on the challenges will be heard at the next session of the commission, it was reported.

Dr. Buswell stated yesterday he expected to be unfrocked because of his affiliation with an independent mission board led by Dr. J. Gresham Machen, Philadelphia.

The college president and his sympathizers have charged the Presbyterian Mission Board with "unbiblical teachings" in certain mission fields.

FATALITY BURNED

BRIDGE GROOM ARRESTED

Rockford, Ill., Oct. 7.—(AP)—Fatally burned as he lay in a flaming bed at his cabin home here today, Joseph W. Carter, 54, an invalid, told rescuers before he died the bed caught fire when he overturned a kerosene lamp as he reached for a glass of water on a table.

Prepott, Ill., Oct. 7.—(AP)—Everette J. Bressler, 21, of Sterling, married Sept. 11 to Jean La Verne Bennett, 13, of South Sterling, was arrested today on a charge of making a false affidavit. Bressler, police said, is accused of giving the girl's age as 18 at the time of the marriage.

Most important to the administration among the four New Deal cases is one involving the validity of AAA processing taxes the others center on the validity of cotton ginning taxes under the Bankhead act; the right of the Tennessee Valley authority to acquire distributing systems for the sale of power to municipalities, and the government's power to condemn land for housing projects.

Sitting for only 82 minutes in a dimly lighted court room crowded to capacity, the justices spent all except four minutes of the time admitting 113 attorneys to practice.

Half a dozen motions followed, two involving cases of national interest. One was a second petition for a writ of habeas corpus to obtain the release of Thomas J. Mooney, serving a life sentence in connection with the Preparedness Day parade bombing in San Francisco in 1916. The other was a request of several liberal and religious groups to join the appeal of Angelo Herndon, Georgia Negro sentenced for radical activities.

Then Chief Justice Hughes announced a recess until next Monday "in order that the court can have the opportunity to consider pending cases."

In keeping with dignity and tradition, the court gave no outward sign that it was at last meeting in a \$11,500,000 home of its own after 145 years as a tenant.

12 Persons Are Killed In Crash Of U. A. L. Plane

Nine Passengers And Crew Of Three Die On Side Of Mountain

Cheyenne, Wyo.—(AP)—Twelve persons—nine passengers and a crew of three—were crushed to death early today as an United Air Lines transport plane crashed on a knoll on the rolling plains 15 miles west of here. The ship was flying from Oakland, Calif.

The veteran pilot, H. A. (No Collision) Colson, apparently had started down from high altitudes in ideal weather with his twin-motored (Boeing) liner, preparatory to a scheduled stop here, when he struck the top of one hill, lost his propeller and plummeted against another hillside.

The plane smashed into the ground about 2:15 a. m. Mountain Standard Time. It was torn and twisted but did not catch fire.

After a regular stop at Salt Lake City just before last midnight the cross-country liner (U. A. L. Trip No. 4), had reported its progress by radio and asked wind information just five minutes flying time west of Cheyenne.

The crumpled wreckage was found by a fleet of searchers dispatched from here near dawn just as another band of airmen took off from Salt Lake City to seek a Standard Oil company transport ship missing in the briny area of Great Salt Lake with three persons aboard since Sunday.

Besides Colson, the United Air Lines announced the dead were: George Batty, 27, co-pilot, Denver; Leona Mason, 28, stewardess; Miss Juliet Hillman, Pittsburgh, Pa., socialite.

Charles H. Matthews, Jr., Pittsburgh banking friend of the Mellon family.

Mrs. Carolyn Cathcart, Portland, Ore., mother of a U. A. L. pilot, who had flown her to Salt Lake City to board the transport.

Ray Bane, Greeley, Colo., washing machine company representative.

John F. Cushing, Evanston, Ill., president of the Great Lakes Dredge & Dock Co.

G. H. Miner, Chicago Game Board company executive.

Vincent Butler, San Francisco oil attorney.

Helen Warren, United Air Lines employee, Chicago.

Robert H. Renbome, 28, said by San Francisco police inspector George Curtis to be a fugitive on bad check charges.

Accuses Hoover Of Distortions, Misstatements

Senator Robinson Of Arkansas Issues Statement

Washington, Oct. 7.—(AP)—Senator Robinson of Arkansas, the democratic leader, tonight accused Herbert Hoover of "misstatements and distortions" in his Oakland speech attacking New Deal spending and policies.

In a statement issued through the democratic national committee, Robinson asserted "Mr. Hoover's statement is what might reasonably have been expected of an ex-president, defeated in his effort at re-election, who is seeking to get back."

Hoover was enroute to New York tonight when the statement was issued. Lawrence Richey, Washington representative of the former president, said he would meet Hoover in Manhattan Wednesday morning, and that a number of confederates with political and personal friends would follow.

Another democratic spokesman, Speaker Byrnes, also entered the discussion of issues and expenditures. He told newspapermen in his office that "there is every reason in the world why we should reduce expenditures provided business does its part." The constitution issue, he said, was "just a red herring."

Hitting back at Hoover's speech, Robinson contended that it might be expected that a former president of the United States might have abstained from the misstatements and distortions of the ordinary campaign propagandist.

"It seems to be," he said, "that the general opinion of the country is that if Mr. Hoover had been re-elected and his drifting, do-nothing policy had persevered, the horsemen we in this country would have had to face would have been wholesale starvation, complete bankruptcy or revolution."

The former president had said that unless the budget were balanced and expenses cut "we shall see one of these three horsemen ravage the land—taxation, or repudiation, or inflation."

Robinson said Hoover's "alleged statistics" on the national debt and the deficit "indicate bookkeeping errors ranging from \$5,000,000,000 to \$9,000,000,000."

Hoover said expenditures are "running over \$8,000,000,000 a year." Robinson declared the budget estimate to show "total expenditures will be \$7,752,000,000. Hoover said 'the unpaid government obligations which will fall on the taxpayer at the end of the Roosevelt administration will exceed \$35,000,000,000.' Robinson averred that on June 30, 1936, 'the total national debt will be approximately \$30,724,000,000.'"

Head Of Wheaton College Will Be Tried October 28

Charged With Insubordination And Conspiracy To Undermine Church Board

Chicago, Oct. 7.—(AP)—Trial of Dr. James Oliver Buswell, Jr., president of Wheaton (Ill.) College, on charges of insubordination and conspiracy to undermine the Presbyterian Board of Christian Education, was set for Oct. 28 today by the Judicial Commission of the Chicago Presbytery.

The date was fixed after the fundamentalist clergyman had challenged the right of the ecclesiastical court to judge his case.

One member of the commission has "communist affiliations," Dr. Buswell alleged, and he questioned the "doctrinal purity" of another, while the third, he claimed, had "prejudged the case."

Arguments on the challenges will be heard at the next session of the commission, it was reported.

Dr. Buswell stated yesterday he expected to be unfrocked because of his affiliation with an independent mission board led by Dr. J. Gresham Machen, Philadelphia.

The college president and his sympathizers have charged the Presbyterian Mission Board with "unbiblical teachings" in certain mission fields.

FATALITY BURNED

BRIDGE GROOM ARRESTED

Rockford, Ill., Oct. 7.—(AP)—Fatally burned as he lay in a flaming bed at his cabin home here today, Joseph W. Carter, 54, an invalid, told rescuers before he died the bed caught fire when he overturned a kerosene lamp as he reached for a glass of water on a table.

Prepott, Ill., Oct. 7.—(AP)—Everette J. Bressler, 21, of Sterling, married Sept. 11 to Jean La Verne Bennett, 13, of South Sterling, was arrested today on a charge of making a false affidavit. Bressler, police said, is accused of giving the girl's age as 18 at the time of the marriage.

Our Tragic Week-Ends

During the past week-end nearly one hundred persons were killed in highway accidents. California reported eleven deaths. Illinois had five, and Indiana and Wisconsin three each. This is not anything unusual. It has become the weekly chore of national news agency to gather up the statistics and publish national totals on killed and injured during the week-end holidays.

Thus many a trip anticipated for the joy it was to bring to the participants has ended in tragedy. Those who set out to spend the holidays with friends arrived in hospitals and morgues. Survivors were left to recount in vivid memory the anticipations of happiness and the sudden ending of those feelings in a lurch and a splintering crash that brought only pain and loss.

It is a case of a whole people paying too much for its whistle. People cannot forego week-end pleasures, thru fear of accidents; but they can reduce the number of accidents by taking greater precautions in traveling on

the highways. When those who are careful and try to use the roads right are afraid to venture on them, the recklessness of those who do not feel their responsibility is to blame.

Cars themselves are not usually at fault. Accidents do not result from failure of car mechanism, but from failure of human mind and muscle to co-operate. When people learn to master themselves, they will have no trouble controlling their cars, but until they do learn this lesson of self-control, reporters must continue to check up the week-end fatalities and publish the sad facts as warnings to the careless.

Recreation vs. Crime

San Francisco welfare agencies have done something to solve the problem of youthful delinquency in that city. Experienced men were sent into various neighborhoods to live quietly for five or six months. They studied the personnel of delinquency, learned who were the leaders of gangs, who led the young bicycle thieves and other petty criminals, and where they loafed.

Once in possession of these facts, the "spies" set about the organization of recreational activities. The boys who were seen to be slipping into crime were induced to form basketball and baseball teams. The gang spirit was utilized and the groups hooked up with beneficial agencies. Whole-some environment was thrown in the way of the boys, who had learned to trust the recreation leader.

It was noted that these youths returned to normal living. Many joined churches; more obtained steady jobs and found new outlets for their energy in useful work and wholesome play. The plan has been fruitful of some constructive results, and those who put it into operation deserve credit for a real community service.

The Final Word

Congress may have adjourned some weeks ago, but it is worth remembering that the final word has not been said on all the legislation it passed. The supreme court is about to meet, and its coming session may go down in history as one of the most momentous it ever held.

Among the New Deal acts it must pass on are the AAA and its processing taxes, the cotton control act, the Tennessee Valley Authority, the Wagner and Guffey bills, and the right of the government to lend

money to municipalities for purchase of power plants. In addition, the validity of the utility holding company bill may come up for review.

In these bills lies the heart of the New Deal. By its decisions on them the court will exercise an almost incalculable influence on the shape of things to come.

Other People's Money

These Van Sweringen brothers probably will go down in the history books as twin phenomena to puzzle and disturb the students of American life a century hence.

They built themselves up during the boom days until they became masters of a titanic railway empire. They did it all through the use of other people's money; from first to last, the part that their own savings played in the erection of the vast pile was relatively unimportant.

Then came the depression, and they went into debt for incalculable sums. To clear the debt, their creditors auctioned off the brothers' holdings; and the brothers bought them back again for substantially less than a tenth of the amount of the debt and came out into the clear again, debt-free and masters of their domain—having used, once more, money that was in large part put up by someone else.

It's hard enough to understand the right now. What won't it be for the students of the future?

Flames Totally Destroy C. T. Holbrook Store And Literberry Post Office

Charles T. Holbrook's large general store at Literberry, a section of which housed the post office, and three adjoining frame buildings burned to the ground Sunday night between midnight and one o'clock with a loss of several thousand dollars.

All contents of the store, which was heavily stocked with groceries and hardware for the winter months, was destroyed, together with the government property.

An adjoining building was used as a dance hall; another small frame building had been occupied as a barber shop until recently. The three buildings just north of the store were in direct line with the blaze and could not be saved.

Jones Raises Alarm

The blaze was discovered about midnight by Fred Jones, who saw flames shoot from the windows. He raised the alarm and within a short time a number of people were on the scene, but were helpless to prevent spread of the flames.

Jones said the entire interior was a mass of fire. Mrs. Wilma Petefish, manager of the store and also postmistress, hurried to the fire but could save none of the post office equipment.

Mrs. Petefish said she was in the store at six o'clock in the evening and everything was all right. She set up temporary quarters for the post office yesterday morning in the grain elevator office.

Save Another Store

The intense heat and sparks from the Holbrook store endangered the Floyd Schillinger store across the street. A number of men applied buckets of water to the roof and front of the Schillinger store to keep it from burning.

The Jacksonville fire department was notified of the fire, but a truck was not sent as no water supply was available.

Holbrook's Literberry store was one of several owned by Mr. Holbrook and located in Morgan county towns. It was a landmark in the village, and carried a valuable stock. The loss is partly covered by insurance, it is understood.

Buildings in the path of the flames were owned by E. E. Murray of Virginia, formerly of Literberry, and Mrs. W. E. Murray of Jacksonville.

Reflection of the fire could be seen for many miles around and Literberry was soon filled with spectators. The light of the burning store was clearly visible from parts of Jacksonville.

Chicken Thieves Drop Sack, Flee When Discovered

Make Quick Getaway From Newton Flynn Farm Late Sunday Night

Chicken thieves at the home of Newton Flynn in the Ebenezer neighborhood were forced to make a quick getaway about midnight Sunday night when their presence was discovered.

Dropping a sack of chickens when a member of the Flynn family heard a noise and went out to investigate, the thieves jumped in their automobile and fled. Within a short time members of the sheriff's force were on the trail, spending most of the night in search for clues.

Police also got into the hunt for the chicken thieves and guarded several highways. A number of cars were stopped but no suspects were detained. Sheriff Kenneth Woods and deputies found where the thieves parked their car some distance from the poultry house. Tracks around the place indicated that a woman was among the thieves, as the print of a woman's heel was discernible in the dust.

Mr. Flynn reported that a number of chickens are missing, but those being carried by the thieves at the time they were discovered, were recovered.

Chapin visitors in the local community yesterday included R. V. Van Gundy.

Everett Hamline of Jerseyville was among the Monday callers in the city.

Cass County Man Killed by Car on Hard Road Sunday

William Gilbert Instantly Killed When He Stepped from Parked Machine

Virginia—William Gilbert, 55 years old, was killed instantly Sunday night here when he stepped into the path of an automobile on the Springfield-Beardstown hard road.

Gilbert's body was hurled to the pavement by a car said to have been driven by Harry Knippenberg, a garage proprietor at Beardstown. Before help reached Gilbert another machine ran over his prostrate body.

He is believed to have died from a fractured skull and internal injuries. Gilbert is reported to have gotten out of an automobile at the side of the pavement, and he had taken only one or two steps when he was struck. The tragedy occurred near the J. & H. railroad station.

The victim was a resident of the Panther Grove community north of Philadelphia. He was a farmer by occupation. His parents were the late William and Mary Jane McCarty Gilbert.

Surviving are two brothers, Frank and Fred Gilbert, two sisters, Mrs. Bertha Pearl, St. Petersburg, Fla., and Kate Gilbert; a half-brother, Harry Gilbert of Oxnard, Calif.

An inquest was conducted at 2 o'clock at the Marie Funeral Home. The jury decided that the death was accidental.

Funeral services will be held Wednesday afternoon at the family residence, Rev. D. C. Byus of Jacksonville officiating. Interment will be at Garner Chapel cemetery.

Local Business Man Hurt in Accident

Harry Hofmann Injured as Car is Crowded Off Road Near Jerseyville

Harry Hofmann of this city was injured early yesterday morning when his car was crowded off the road by a truck on U.S. 67 near Jerseyville. He was returned to this city and taken to our Saviour's hospital, where it was found he had sustained a fracture of the collar bone. He was able to leave the hospital in the afternoon and return to his home.

Mr. Hofmann was enroute to St. Louis when the accident occurred. His car left the slab. One of the tires blew out and the machine overturned, being damaged in the crash.

A passing motorist brought Mr. Hofmann back to Jacksonville.

U.C.T. Members to Winchester Dinner

A group of members of the United Commercial Travelers went to Winchester last night, accompanied by their wives, sponsoring a luncheon meeting at 8 o'clock at the Snyder hotel. Twenty guests from Winchester were invited. The meeting was in charge of L. P. O'Donnell, senior counselor. Judge W. E. Thomson made the principal address.

Those from here who attended included Mr. and Mrs. Leslie Jackson, Mr. and Mrs. L. R. Craig, Mr. and Mrs. Frank Miller, Mr. and Mrs. Fred Kuntz, Mr. and Mrs. M. S. Sell, Mr. and Mrs. L. F. O'Donnell, Mr. and Mrs. E. W. Logue, Mr. and Mrs. W. J. Rogers, Mr. and Mrs. J. W. Merrigan, Mr. and Mrs. Fred Lynn, Mr. and Mrs. C. Y. Rimbey, H. L. Smith and Judge W. E. Thomson.

LOCAL PEOPLE HAVE NARROW ESCAPE AT MEREDOSIA CROSSING

Mrs. C. L. Rudisill and daughter, Ellen Virginia, 280 Vandavia road, had a narrow escape from a serious accident yesterday morning when the car in which they were riding went over the embankment at the Wabash railroad crossing in Meredosia.

They were returning from Quincy and had just crossed the bridge over the river. A rough spot on the track caused the car to skid from the road and start down a bank into a deep ditch that empties into the river at that point.

The machine stuck in soft dirt and did not overturn. However, it was somewhat damaged and had to be repaired before it could be driven on to Jacksonville.

"UNREALITY" IS SUBJECT IN SCIENTIST CHURCHES

"Unreality" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday.

The Golden Text was: "What is the chaff to the wheat? saith the Lord" (Jeremiah 23-28).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Ye are all the children of light, and the children of the day; we are not of the night, nor of darkness. Therefore let us watch and be sober" (I Thessalonians 5, 5, 6).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Material sense expresses the belief that mind is in matter. This human belief, alternating between a sense of pleasure and pain, hope and fear, life and death, never reaches beyond the boundary of the mortal or the unreal. When the real is attained, which is announced by Science, joy is no longer a trembler, nor is hope a cheat" (p. 200).

OBITUARY

Gilbert B. Thompson
Gilbert B. Thompson was born Dec. 28, 1874, and departed this life Sept. 27, 1935 at Iola, Kansas, being at the time of his death, 60 years, 7 months and 27 days of age.

He was the eldest son of Jerry B. and Elizabeth Cheek Thompson. His education was received in the Pike county schools. He always had a fond remembrance of his first teacher, Miss Carolyn Grote, who later became dean of Macon College. He was married to Leona McMurray Jan. 29, 1909. To this union one daughter, Marjorie, was born. He united with the M. E. church about thirty years ago and was an active worker for his master up to the time of his death.

Mr. Thompson grew to manhood in Pike county and spent the rest of his life in Morgan and Adams county, except the last fifteen years of his life which were spent in Iola, Kansas, where he was a highly respected citizen. He was in the meat business many years, conducting shops in Clayton, Bluffs and Chapin.

His kindness, honesty and integrity won him a host of friends. He was never happier than when coming back to Illinois and greeting his old friends.

He was preceded in death by his father in 1923 and his mother in 1925. He leaves to mourn his loss a loving wife, one daughter, Mrs. Marjorie Dunlap; one grandchild, Mabel Irene Dunlap; two brothers, James L. and Harvey of Chapin and two sisters, Mrs. Minnie Dawson, Winchester, and Mrs. Mary Bump, Jacksonville and a host of relatives and friends.

The funeral services were held at his late home in Iola, Kans., in charge of the Methodist minister. The remains were peacefully laid to rest in the Iola cemetery. All the brothers and sisters from Illinois attended the funeral.

Chanderville visitors in Jacksonville yesterday included Kenneth Upp.

W. H. Dugger of Athensville was transacting business here yesterday.

Much City Property Forfeited for Tax

Continue Sale Held Monday; Few Titles Bought as Owners Default

Hundreds of pieces of property in Jacksonville were forfeited to the county yesterday morning in the annual tax sale held in the office of the county clerk at the court house. Deputy Sheriff H. H. Vasconcellos had charge of the sale.

Bidders present included J. W. Dods-worth, Joe Lombard and A. B. Applebee, who bought in nearly a score of tax assessments on county properties. D. E. Sweeney, who had a large assortment of properties on the tax sale list, was present but allowed the sales to go by default.

Deputy Vasconcellos suspended the sale and will continue it later, in order to give property owners another opportunity to redeem their places before they are forfeited to the county. The amount of property sold for taxes was small in comparison with the amount forfeited.

W. A. Ryan of Franklin was a caller in Jacksonville yesterday.

The plan has been fruitful of some constructive results, and those who put it into operation deserve credit for a real community service.

The Final Word

Congress may have adjourned some weeks ago, but it is worth remembering that the final word has not been said on all the legislation it passed. The supreme court is about to meet, and its coming session may go down in history as one of the most momentous it ever held.

Among the New Deal acts it must pass on are the AAA and its processing taxes, the cotton control act, the Tennessee Valley Authority, the Wagner and Guffey bills, and the right of the government to lend

money to municipalities for purchase of power plants. In addition, the validity of the utility holding company bill may come up for review.

In these bills lies the heart of the New Deal. By its decisions on them the court will exercise an almost incalculable influence on the shape of things to come.

Other People's Money

These Van Sweringen brothers probably will go down in the history books as twin phenomena to puzzle and disturb the students of American life a century hence.

They built themselves up during the boom days until they became masters of a titanic railway empire. They did it all through the use of other people's money; from first to last, the part that their own savings played in the erection of the vast pile was relatively unimportant.

Then came the depression, and they went into debt for incalculable sums. To clear the debt, their creditors auctioned off the brothers' holdings; and the brothers bought them back again for substantially less than a tenth of the amount of the debt and came out into the clear again, debt-free and masters of their domain—having used, once more, money that was in large part put up by someone else.

It's hard enough to understand right now. What won't it be for the students of the future?

Mrs. Lorraine Dies In Greene County

Passes Away Monday Morning At White Hall; Plan Rites Wednesday

White Hall—Mrs. Jessie Lorraine, age about 60 years, passed away Monday morning at 8:40 o'clock at her home on Israel street.

Surviving are her husband, William Lorraine, five sisters and one brother; Mrs. A. L. Hancock, Alton; Mrs. Rena Waltrip, Wrights; Mrs. William Taylor, Mrs. Henry Smith and Mrs. Jane Rieg, all of White Hall; William Walker of Wrights.

Funeral services will be held Wednesday afternoon at two o'clock at the Wrights Baptist church, with interment in Hickory Grove cemetery.

L. E. Hinners of Meredosia spent Monday here transacting business.

Flames Totally Destroy C. T. Holbrook Store And Literberry Post Office

Charles T. Holbrook's large general store at Literberry, a section of which housed the post office, and three adjoining frame buildings burned to the ground Sunday night between midnight and one o'clock with a loss of several thousand dollars.

All contents of the store, which was heavily stocked with groceries and hardware for the winter months, was destroyed, together with the government property.

An adjoining building was used as a dance hall; another small frame building had been occupied as a barber shop until recently. The three buildings just north of the store were in direct line with the blaze and could not be saved.

Jones Raises Alarm

The blaze was discovered about midnight by Fred Jones, who saw flames shoot from the windows. He raised the alarm and within a short time a number of people were on the scene, but were helpless to prevent spread of the flames.

Jones said the entire interior was a mass of fire. Mrs. Wilma Petefish, manager of the store and also postmistress, hurried to the fire but could save none of the post office equipment.

Mrs. Petefish said she was in the store at six o'clock in the evening and everything was all right. She set up temporary quarters for the post office yesterday morning in the grain elevator office.

Save Another Store

The intense heat and sparks from the Holbrook store endangered the Floyd Schillinger store across the street. A number of men applied buckets of water to the roof and front of the Schillinger store to keep it from burning.

The Jacksonville fire department was notified of the fire, but a truck was not sent as no water supply was available.

Holbrook's Literberry store was one of several owned by Mr. Holbrook and located in Morgan county towns. It was a landmark in the village, and carried a valuable stock. The loss is partly covered by insurance, it is understood.

Buildings in the path of the flames were owned by E. E. Murray of Virginia, formerly of Literberry, and Mrs. W. E. Murray of Jacksonville.

Reflection of the fire could be seen for many miles around and Literberry was soon filled with spectators. The light of the burning store was clearly visible from parts of Jacksonville.

Chicken Thieves Drop Sack, Flee When Discovered

Make Quick Getaway From Newton Flynn Farm Late Sunday Night

Chicken thieves at the home of Newton Flynn in the Ebenezer neighborhood were forced to make a quick getaway about midnight Sunday night when their presence was discovered.

Dropping a sack of chickens when a member of the Flynn family heard a noise and went out to investigate, the thieves jumped in their automobile and fled. Within a short time members of the sheriff's force were on the trail, spending most of the night in search for clues.

Police also got into the hunt for the chicken thieves and guarded several highways. A number of cars were stopped but no suspects were detained. Sheriff Kenneth Woods and deputies found where the thieves parked their car some distance from the poultry house. Tracks around the place indicated that a woman was among the thieves, as the print of a woman's heel was discernible in the dust.

Mr. Flynn reported that a number of chickens are missing, but those being carried by the thieves at the time they were discovered, were recovered.

Chapin visitors in the local community yesterday included R. V. Van-Gundy.

Everett Hamline of Jerseyville was among the Monday callers in the city.

Cass County Man Killed by Car on Hard Road Sunday

William Gilbert Instantly Killed When He Stepped from Parked Machine

Virginia—William Gilbert, 55 years old, was killed instantly Sunday night here when he stepped into the path of an automobile on the Springfield-Beardstown hard road.

Gilbert's body was hurled to the pavement by a car said to have been driven by Harry Knippenberg, a garage proprietor at Beardstown. Before help reached Gilbert another machine ran over his prostrate body.

He is believed to have died from a fractured skull and internal injuries. Gilbert is reported to have gotten out of an automobile at the side of the pavement, and he had taken only one or two steps when he was struck. The tragedy occurred near the J. & H. railroad station.

The victim was a resident of the Panther Grove community north of Philadelphia. He was a farmer by occupation. His parents were the late William and Mary Jane McCarty Gilbert.

Surviving are two brothers, Frank and Fred Gilbert; two sisters, Mrs. Bertha Pearl, St. Petersburg, Fla., and Kate Gilbert; a half-brother, Harry Gilbert of Oxnard, Calif.

An inquest was conducted at 2 o'clock at the Marrie Funeral Home. The jury decided that the death was accidental.

Funeral services will be held Wednesday afternoon at the family residence, Rev. D. C. Byus of Jacksonville officiating. Interment will be at Gardner Chapel cemetery.

Local Business Man Hurt in Accident

Harry Hofmann Injured as Car is Crowded Off Road Near Jerseyville

Harry Hofmann of this city was injured early yesterday morning when his car was crowded off the road by a truck on U.S. 67 near Jerseyville. He was returned to this city and taken to Our Saviour's hospital, where it was found he had sustained a fracture of the collar bone. He was able to leave the hospital in the afternoon and return to his home.

Mr. Hofmann was enroute to St. Louis when the accident occurred. His car left the slab. One of the tires blew out and the machine overturned, being damaged in the crash.

A passing motorist brought Mr. Hofmann back to Jacksonville.

U.C.T. Members to Winchester Dinner

A group of members of the United Commercial Travelers went to Winchester last night, accompanied by their wives, sponsoring a luncheon meeting at 8 o'clock at the Snyder hotel. Twenty guests from Winchester were invited. The meeting was in charge of L. P. O'Donnell, senior counselor. Judge W. E. Thomson made the principal address.

Those from here who attended included Mr. and Mrs. Leslie Jackson, Mr. and Mrs. Clarence Quintal, Mr. and Mrs. L. R. Craig, Mr. and Mrs. Frank Miller, Mr. and Mrs. Fred Kumble, Mr. and Mrs. M. S. Self, Mr. and Mrs. L. P. O'Donnell, Mr. and Mrs. E. W. Logue, Mr. and Mrs. W. I. Rogers, Mr. and Mrs. J. W. Merrigan, Mr. and Mrs. Fred Lynn, Mr. and Mrs. C. Y. Rimbey, H. L. Smith and Judge W. E. Thomson.

LOCAL PEOPLE HAVE NARROW ESCAPE AT MEREDOSIA CROSSING

Mrs. C. L. Rudisill and daughter, Ellen Virginia, 280 Vandavia road, had a narrow escape from a serious accident yesterday morning when the car in which they were riding went over the embankment at the Wabash railroad crossing in Meredosia.

They were returning from Quincy and had just crossed the bridge over the river. A rough spot on the track caused the car to skid from the road and start down a bank into a deep ditch that empties into the river at that point.

The machine stuck in soft dirt and did not overturn. However, it was somewhat damaged and had to be repaired before it could be driven on to Jacksonville.

"UNREALITY" IS SUBJECT IN SCIENTIST CHURCHES

"Unreality" was the subject of the lesson-sermon in all Churches of Christ, Scientist, Sunday.

The Golden Text was: "What is the wheat? saith the Lord" (Jeremiah 23-28).

Among the citations which comprised the lesson-sermon was the following from the Bible: "Ye are all the children of light, and the children of the day; we are not of the night, nor of darkness. Therefore let us watch and be sober" (I Thessalonians 5:5, 6).

The lesson-sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "Material sense expresses the belief that mind is in matter. This human belief, alternating between a sense of pleasure and pain and hope and fear, life and death, never reaches beyond the boundary of the mortal or the unreal. When the real is attained, which is announced by Science, joy is no longer a trembler, nor is hope a cheat" (p. 298).

OBITUARY

Gilbert B. Thompson

Gilbert B. Thompson was born Dec. 28, 1874, and departed this life Sept. 27, 1935 at Iola, Kansas, being at the time of his death, 60 years, 7 months and 27 days of age.

He was the eldest son of Jerry B. and Elizabeth Cheek Thompson. His education was received in the Pike county schools. He always had a fond remembrance of his first teacher, Miss Carolyn Grote, who later became dean of Macomb college. He was married to Leona McMurray Jan. 29, 1899. To this union one daughter, Marjorie, was born. He united with the M. E. church about thirty years ago and was an active worker for his master up to the time of his death.

Mr. Thompson grew to manhood in Pike county and spent the rest of his life in Morgan and Adams county, except the last fifteen years of his life which were spent in Iola, Kansas, where he was a highly respected citizen. He was in the meat business many years, conducting shops in Clayton, Bluffs and Chapin.

His kindness, honesty and integrity won him a host of friends. He was never happier than when coming back to Illinois and greeting his old friends.

He was preceded in death by his father in 1923 and his mother in 1925. He leaves to mourn his loss a loving wife, one daughter, Mrs. Marjorie Dunlap; one grandchild, Mabel Irene Dunlap; two brothers, James L. and Harvey of Chapin and two sisters, Mrs. Minnie Dawson, Winchester, and Mrs. Mary Bump, Jacksonville and a host of relatives and friends.

The funeral services were held at his late home in Iola, Kans., in charge of the Methodist minister. The remains were peacefully laid to rest in the Iola cemetery. All the brothers and sisters from Illinois attended the funeral.

Chandlerville visitors in Jacksonville yesterday included Kenneth Upp.

W. H. Dugger of Athensville was transacting business here yesterday.

Much City Property Forfeited for Tax

Continue Sale Held Monday; Few Titles Bought as Owners Default

Hundreds of pieces of property in Jacksonville were forfeited to the county yesterday morning in the annual tax sale held in the office of the county clerk at the court house. Deputy Sheriff H. H. Vasconcellos had charge of the sale.

Bidders present included J. W. Dodsworth, Joe Lombard and A. B. Applebee, who bought in nearly a score of tax assessments on county properties. D. E. Sweeney, who had a large assortment of properties on the tax sale list, was present but allowed the sales to go by default.

Deputy Vasconcellos suspended the sale and will continue it later, in order to give property owners another opportunity to redeem their places before they are forfeited to the county. The amount of property sold for taxes was small in comparison with the amount forfeited.

W. A. Ryan of Franklin was a caller in Jacksonville yesterday.

Teachers at Jersey County Institute Name New Officers

Mrs. Flo B. Daniels Chosen
President; Hold Good
Program Last Week

Jerseyville, Ill.—Mrs. Flo B. Daniels, a member of the Jersey Township High school faculty and dean of girls at that institution, was elected president of the Jersey County Teachers Association at the final session of that group held during the institute Friday.

Mrs. Daniels succeeds P. P. Downey of Grafton who served as president during the past year. Louis E. Wilke of Grafton was named vice-president of the Association to succeed Lee Witt, and Miss Alma Breitweiser was elected secretary, succeeding Miss Florence Fulkerson.

The institute which has been in progress Thursday and Friday was the first to be conducted under the supervision of Superintendent of Schools Charles H. Daniels, and much satisfaction was expressed as to its value.

Each day separate sessions were held for the primary teachers and for the instructors in the higher grades and high school and in this manner the teachers were able to receive many suggestions applicable to their particular phase of teaching.

Helpful Addresses

Mrs. Lenora May of the Jerseyville grade school faculty gave a splendid paper on primary reading which provoked considerable discussion among the teachers of the group. The teachers of the higher grades and high school heard two educational addresses by Charles G. Stadman, assistant state superintendent of schools.

Mr. Stadman spoke on "Correlation of Subjects" and discouraged specialization in any one subject to the exclusion of everything else. He urged the teacher of mathematics or science to be interested in the English or History of the students, stressing the fact that a teacher should be interested in all phases of education.

E. C. Simmonds, state director of recreation of Springfield, also delivered talks before the entire institute, his theme being in keeping with recreational work. He gave some suggestions to the teachers concerning a general play day which may be sponsored here some time next spring. An outstanding address of the institute was delivered by Mrs. Margaret Wells Woods of the American Social Hygiene Association.

Teachers at Jersey County Institute Name New Officers

Mrs. Flo B. Daniels Chosen
President; Hold Good
Program Last Week

Jerseyville, Ill.—Mrs. Flo B. Daniels, a member of the Jersey Township High school faculty and dean of girls of that institution, was elected president of the Jersey County Teachers Association at the final session of that group held during the institute Friday.

Mrs. Daniels succeeds P. P. Downey of Grafton who served as president during the past year. Louis E. Wilke of Grafton was named vice-president of the Association to succeed Lee Wilt, and Miss Alma Breitweiser was elected secretary, succeeding Miss Florence Fulkerson.

The institute which has been in progress Thursday and Friday was the first to be conducted under the supervision of Superintendent of Schools Charles H. Daniels, and much satisfaction was expressed as to its value.

Each day separate sessions were held for the primary teachers and for the instructors in the higher grades and high school and in this manner the teachers were able to receive many suggestions applicable to their particular phase of teaching.

Helpful Addresses
Mrs. Lenora May of the Jerseyville grade school faculty gave a splendid paper on primary reading which provoked considerable discussion among the teachers of the group. The teachers of the higher grades and high school heard two educational addresses by Charles G. Stadman, assistant state superintendent of schools.

Mr. Stadman spoke on "Correlation of Subjects" and discouraged specializing in any one subject to the exclusion of everything else. He urged the teacher of mathematics or science to be interested in the English or History of the students, stressing the fact that a teacher should be interested in all phases of education.

E. C. Simmonds, state director of recreation of Springfield, also delivered talks before the entire institute, his theme being in keeping with recreational work. He gave some suggestions to the teachers concerning a general play day which may be sponsored here some time next spring. An outstanding address of the institute was delivered by Mrs. Margaret Wells Woods of the American Social Hygiene Association.

Christian Church Sunday School Has Promotion Program

Exercises Held Sunday with Rev. M. L. Pontius making Principal Address

Promotion Day was observed by the Central Christian Bible school Sunday morning with Supt. C. L. Mathis in charge. Thirty-five were promoted from the Cradle Roll and Beginners departments; Mrs. Pontius and Mrs. Moxon, superintendents; fifteen were promoted from the Primary department; Miss Hattie Hayden, superintendent; twenty-five were promoted from the Junior department; Miss Esther Carlson, superintendent. Appropriate programs of promotion were presented by and for each group.

The Bible school observed the second annual Recognition Day for Bible school teachers; there were forty-four teachers present and all upon the platform at one time. Mr. Mathis has served as superintendent for more

than thirty years; Miss Hattie Hayden has served for thirty-seven consecutive years as superintendent of the Primary department and this is one of the most efficient and successful departments in the school.

Mr. Mathis introduced Dr. Pontius who gave the Recognition Day address. He emphasized the importance of the Bible school teacher and said, "Many a teacher in the Bible school asks the question, 'Does it pay?' As the teacher comes each Sunday with a prepared lesson, observing the fact that others do not attend the Bible school and the pupils attend irregularly, and there are divers criticisms and often few expressions of appreciation, the teacher naturally asks, 'Does it pay?' The Bible school teacher is an important factor in the church, the community and the nation. His work does pay! The imprint of the consecrated personality and the impress of the Christian character of the teacher upon the pupil are not destroyed. Many years later the individual may declare that his effort to live the Christian life and his success in his vocation have been affected greatly by the Bible school teacher of yesterday. Much of the religious education the child receives today comes through the medium of the Bible school teacher. Recognition Day for Bible school teachers is deserved and the church and school should unite in this recognition of those who by precept and example mean so much to the youth and child life of today. Sacrifice; study; effort; service; it does pay!"

Rupture Disappears As If By Magic

Doctor's New Discovery Wins Applause of Thousands

Kansas City Mo.—A doctor of this city, has discovered a newer rupture method that is so successful hundreds have thrown their trusses away—reporting all signs of rupture gone. This method does away with leg straps, elastic belts, binding springs and harsh pads. Every week more and more letters are received from users telling how they now go without any support. All who are ruptured should investigate this discovery at once. Mr. E. O. Koch offers to send the doctor's inexpensive method to any rupture sufferer for 35 days' use and make no charge if you are not pleased in that time. If you are ruptured be sure to write Mr. E. O. Koch, 8666 Koch Bldg., 2906 Main St., Kansas City, Mo., tonight for this trial offer.

OLDSMOBILE Breaks Records

"Oldsmobile, just winding up a year in which all records were broken, faces 1936 with every indication of setting new all time highs in production, sales and employment."

This was the statement today of C. A. Poole, of this company, upon his return from the National Sales Convention at the Oldsmobile plant in Lansing, Mich., at which the entire wholesale personnel from every part of the country was shown the new 1936 Oldsmobile.

"Oldsmobile has many advantages in the industry as we enter the new production and selling year."

"The 1936 models are destined to again set the style in the automotive world. Advancements in design, inside and out, lend a new beauty to the Oldsmobile soon to be introduced."

"Oldsmobile again is the car that has everything." Engineers' into both the Six and Eight are every proven feature which adds to safety, comfort, performance and economy.

"Production facilities have been stepped up 50 per cent by the acquisition of an additional modern factory in Lansing with a million square feet of floor space . . . this factory to be used for the construction of Fisher Bodies for Oldsmobile."

"Further expansion has been accomplished by the taking over by Oldsmobile of a half million square feet of floor space formerly occupied by the Fisher Body in the present Oldsmobile plant, permitting an extension of assembly lines, enlargement of engine and chassis manufacturing departments."

"Increasing popularity of the Oldsmobile car has grown to such proportions that when the factory closed its 1935 production season it still had on hand a large number of unfilled retail orders, a condition unprecedented in the industry."

"This popularity, of course, has been built upon the car itself. Because of its mechanical excellence, its stylish streamlining, its performance economy, safety and comfort, Oldsmobile has built an enviable reputation."

"To say that the Oldsmobile organization looks forward to 1936 with enthusiasm and faith in new records is to underestimate. We expect in 1936 that again Oldsmobile, the car that has everything, will break every record in its 35 years of existence."

Woman Jumps From Hospital Window And Kills Herself

Knocks Bars Loose, Leaps to Sidewalk, Resulting in Skull Fracture

Flung her body violently against the bars and screen of a second story window at the Jacksonville State hospital, Pearl Ammons, 55, colored, plunged to her death early Sunday morning when the bars gave way. She

was picked up from a sidewalk in a dying condition, the fall having fractured her skull.

The suicide of the woman, whose home was at Decatur, occurred about 12:30 o'clock. According to attendants, she had been restless and noisy. The night supervisor called a physician, but before he arrived the woman had jumped from the window.

The tragedy occurred at the hospital building of the institution where the woman had been under medical treatment. Testimony at the inquest showed that the screws holding the bars pulled loose from brick and mortar when the patient leaped against the bars.

Coroner Elmer Sample conducted an inquest, the jury hearing testimony of Cecil Seymour and Reba Gray, attendants, Hazel Butler, night supervisor, and Dr. Ranes of the medical staff.

The jury found death was caused by a fracture of the skull, sustained by jumping from a window with suicidal intent.

Members of the jury were John Dunn, Oscar Yates, Essie Brannum, John O'Leary, David Harris and Walter Stone.

Ray Meiers of Ashland was transacting business here Monday.

Among the White Hall callers in the city yesterday was P. N. Search.

WPA Assures Sixty Miles of Improved Roads Over County

Sum of \$96,000 Allotted for Work in 3 Morgan County Highway Districts

Allotment of federal funds by the Works Progress Administration, announced today from Washington, assures sixty additional miles of improved road in three Morgan county road districts. Further allocations have been made to two county projects. The total funds announced are \$96,176.

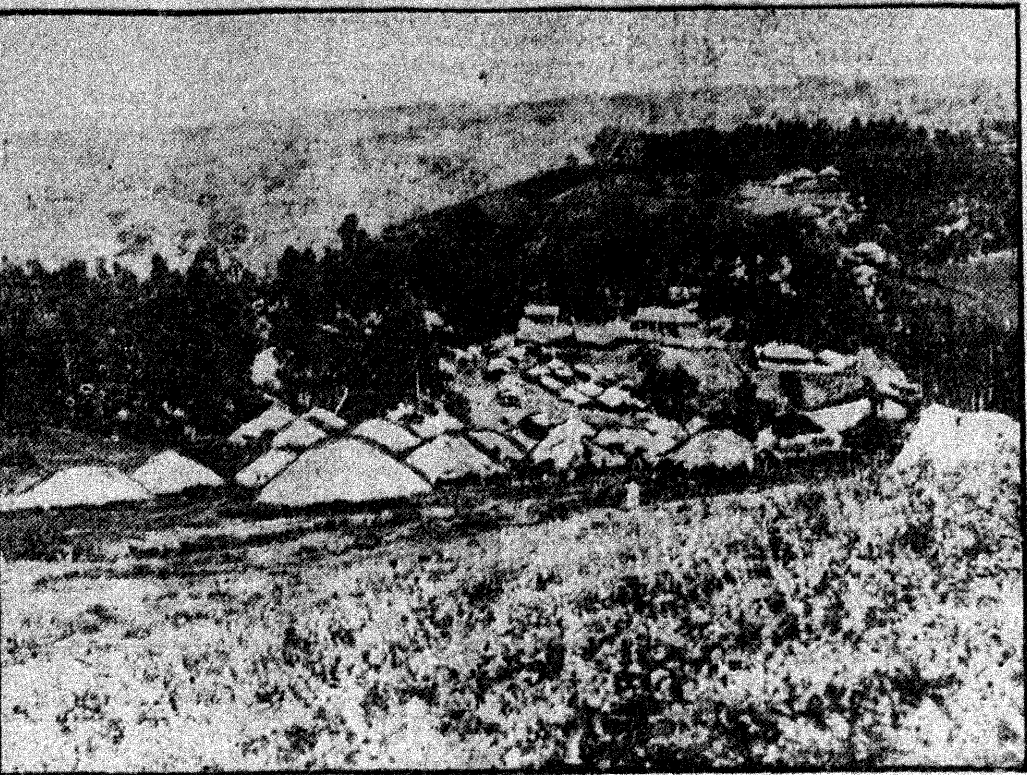

One of the county projects calls for bridges, grading and gravel on a section of road beginning two miles east of Liberty and extending three miles to state aid Route 2, which is the old route road. The sum allotted for this project has not been exactly located as yet.

The sum of \$24,908 has been allotted to the improvement of 20 miles of secondary roads in Road District No. 1, which is the Prentice district. The sum of \$18,612 goes to a similar project in District No. 4, which is the Chapin district, and \$16,666 to No. 13, the Waverly district. The county has asked for federal funds to improve approximately 200 of the 534 miles of unimproved roads in the county.

If and when the system is completed, the twenty miles of roads improved in each road district will serve as feeders to the main roads in the county. At the same time county roads will be built to connect the county lines across the north and south ends.

It is hoped the second county project for which funds were allotted will help to complete one of these county

Type of Ethiopian Village Which Italians Bombed

Typical of the villages over which Italian bombers have roared, causing death and ruin, is the picture shown in western Ethiopia, shown above, so far unscathed but soon likely to be in the path of the invaders. Jacksonville Women At Club Conference

Mrs. Applebee, Treasurer of State B. & P. Clubs, is Guest at Alton

Mrs. Alice W. Applebee, state treasurer of the Business and Professional Women's clubs, attended the Twenty-second district conference held in Alton Sunday afternoon. Groups from East St. Louis, Edwardsville, Granite City and Alton were present as members of the district.

Others from the Jacksonville club were: Miss Hester Burbridge, president of the local society; Miss Grace Tickle and Mrs. Anita W. Brockhouse.

The meeting was held in the Y. W. C. A. building and the supper was served in the spacious dining hall where about thirty members were seated at small tables, with officers and special guests at the long speakers' table. The lovely appointments were an added feature to the unusually interesting event.

Miss Eulalia Hotz, district chairman, presided and Miss Irma Krieger, district secretary, made the report for the district. Miss Hotz was also in charge of the afternoon meeting.

During the evening program, the state president, Miss Helen McManis, extended greetings and gave the address of the evening. Others present, who are well known to Jacksonville members were: Mrs. Esther Funke, Edwardsville, state chairman of membership; Miss Bessie McGuire, chairman from Johnston City; Mrs. Media Dowdell, Carrollton, state finance chairman; Miss Nellie J. Jones, state convention chairman for 1936. The state convention will be held at Monticello College, Godfrey, in June, 1936. Details are being planned for an unusually fine conference. A district meeting will be held in Jacksonville in November.

The program at Sunday's meeting included talks from officers and chairman, with group singing led by Dorothy Ranft; vocal selections and readings.

Grace Church Doings

Missionary day was appropriately observed in the Sunday school with a talk by Mrs. Stella Freeman in which she reported upon the various fields of activities sponsored by the Women's Home Missionary society. School attendance was 450 and the missionary offering was \$16.68.

At the morning service, Dr. Havighurst presented a very practical discourse upon the theme "The Religion Needed Today." The special music by the chorus was very acceptable.

The leagues met at 8:30. Mrs. H. C. Jaquith spoke to the Young People's League and Lucian Sandoval, a native Mexican, was the speaker for the High school group. In the evening service Mr. Sandoval gave a stereoscopic lecture in a very informing manner upon Mexico. Homer Wood was the soloist.

The Opportunity class will meet on Monday evening in the home of Mrs. Albert Hayes, 1008 South Main street.

Tuesday afternoon at 3 o'clock the Women's Home Missionary society will be entertained in the home of Mrs. Norman Campbell, 128 Pine street.

The Standard Bearers will meet Tuesday at 5:15 p.m. with Miss Gracia Hall.

The Pastor's Aid society will have an all day meeting on Wednesday with a potluck luncheon at noon followed by a business session in the afternoon.

Mid-week service of Bible study and prayer on Wednesday evening will conclude the study of the Book of Luke in reviewing the last chapter.

Definite word has been received that Miss Uldine Utley will speak in Grace church on the evening of October 16. About twenty-five members of the Married People's class attended the Utley meeting at Quincy Sunday afternoon.

James Potts of Milton was a Monday business caller in the city.

Centenary Church Notes

Sunday was an ideal fall day and all services were largely attended. The

Sunday school and League appeared to fine groups of young people. The morning service was given to the cause of missions and a special service of worship was observed by an interested congregation.

The special feature of this was an address by Senior Lucian Sandoval, a young Mexican student and product of Methodist work among Spanish speaking people. He is active among the young people of the southwest, especially in the Epworth league. His address dealt with conditions in Mexico and made an appeal for greater friendship between Mexico and the United States. Mrs. Blair rendered effectively as a solo "Thou Art All" by Gailbraith.

Sunday, October 13th will begin the every member canvass to cover the budget for 1935-36. The church officials are planning to make this one of the most effective. Voluntary pledges will be taken next Sunday morning and this will be followed by an appeal to members who do not make voluntary pledges.

Friday evening, October 11 at 6:30 persons who will lead this canvass will meet at the church where they will be served supper and make final plans. Earnest appeal is made to Centenary's members to give their pledges voluntarily and to get under the finances of the church. All bills were paid last year, the desire is to do it more promptly this year.

Wednesday afternoon at 2:30 the Ladies Aid will meet with Mrs. Thomas Barber, 241 Webster avenue. Miss Zoe Tyrell will give a travel talk and the roll call will be answered by members giving "Places I Would like to visit." Mrs. T. B. Lugg will sing and Mrs. J. W. Taylor will conduct the devotions.

At 7:30 the midweek prayer service.

PLAN REVIEW OF WESTMINSTER HISTORY HERE

Former Members Interested In Presbyterian Church; Had Illustrious Pastors

That the former members and friends of Westminster Presbyterian church near and far are deeply interested in the celebration of its 75th anniversary is apparent from the response which is being received to the invitations which have been sent out. Letters are being received from Florida to California, as well as from nearer home.

Mr. and Mrs. Carlton W. Taylor write from Lake Helen, Florida, sending their greetings, and testifying to the many friendships, associations and memories which are theirs in respect to Westminster church, in which Mr. Taylor was an elder.

Mr. and Mrs. R. C. Reynolds, Los Angeles, Cal., express deep regret that the great distance will prevent them from enjoying this diamond jubilee. In a letter to Rev. W. C. Meeker, present pastor of the church, Mr. Reynolds says: "Our church affiliation when in Jacksonville was with the Westminster Presbyterian and First Baptist. Out here we are a part of the official family of the Temple Baptist church, the 'down town' church. We can remember the pastorate of Dr. Landis, Dr. Brown, Dr. Davis, Thos. Smith, and even beyond those, Dr. Morton."

Westminster church has been favored with an unusually splendid group of clergymen for its pastors throughout the seventy-five years of its history. The first minister Rev. David H. Hamilton was with the congregation twelve years, and proved a most efficient foundation builder for the new organization. He was followed for two years by Rev. Henry D. Nevius from 1872 to 1874.

Then came Rev. Samuel M. Morton, who was a very able man and whose ministry is remembered by many living today. He preached for sixteen years, until 1890. Rev. David S. Schaff followed him for seven years. He was one of the most scholarly of Westminster's leaders, going from Jacksonville to take a chair in Lane Theological seminary, Cincinnati. Rev. Charles M. Brown was minister from 1897 to 1908, and during his pastorate the present edifice was erected. Dr. Brown will preach the anniversary sermon next Sunday morning, coming from Perryburg, Ohio, for the occasion. His numerous friends and acquaintances will enjoy hearing him again, in his old pulpit.

Dr. Brown was succeeded by Rev. Leonidas H. Davis, who now resides in Hollywood, Cal. It was in 1910, during his pastorate that the fiftieth anniversary of the church was observed. From 1916 to 1925 the pulpit was filled by Rev. E. B. Landis, and Rev. Thomas Smith. Dr. Smith, who is pastor at Hibbing, Minn., writes the church of his deep regret at being unable to be present. He is a native of Jacksonville, and a son of the church. Mr. Landis who is now at Gary, Ind., will be present and speak next Sunday afternoon.

Dr. Smith was succeeded by Rev. Hodson K. Young from 1925 to 1927, and is now pastor in Cincinnati. Dr. Frederick Oxtoby supplied the pulpit for one year most acceptably, before the coming of the present minister in 1929.

There are some members who can recall personally every minister from the beginning of the church until now. Mrs. Frances Kliner, who recently passed to her eternal reward, had an intimate acquaintance with them all. John Ayers, still a trustee of the church, and residing in Baldwin, Kansas, remembers the organization of the church, and knew all the pastors. The recital of the history of the church next Sunday afternoon by Miss Margaret Moore, will be a pleasure to many who are familiar with its development, and instructive to the young.

WPA PROJECTS FOR MORGAN GIVEN APPROVAL

Two Community Service Programs To Receive Federal Funds

Washington, Oct. 7.—President Roosevelt today approved two allotments of works progress administration funds, totaling \$7,409,430, to be used in the WPA program in Illinois.

Tonight announcement was made that a group of projects totaling \$2,132,049 have been approved. Earlier in the day, approval was given another list of Illinois projects aggregating \$5,276,411.

Mostly for highway and street work and for community service programs, the projects approved provide for 98 of the Illinois counties. Only Jersey, Kendall, Monroe and Schuyler were not on the lists.

Robert J. Dunham of Chicago, works progress administrator for Illinois, is to select the projects on which work is to be started in the re-employment drive. The WPA said the projects, which are still subject to the approval of Comptroller General McCarr, meet the president's requirements of man-year cost, adaptability to the relief food problem in the localities affected and period of completion.

The second list of approved projects, showing the amount of federal funds made available, follows:

Brown County—Mt. Sterling, improve cemetery and waterworks, improve streets, \$16,640; Versailles, repair schools, \$1,322.

Pike County—Pittsfield, improve street, \$5,617; community service program, \$5,258.

Morgan County—Jacksonville, community service program, two projects for \$1,300 and \$1,772.

Sangamon County—Springfield, community service program \$17,556.

RALLY DAY IS MARKED SUNDAY

Concord Church Observes Occasion With Special Program

Concord, Oct. 7.—The Concord M. E. church observed "Rally Day" on Sunday and it was a day of spiritual uplift for the local church. The Sunday school was fairly well attended. Dr. Thomas B. Lugg preached at the morning hour. He gave an interesting and inspiring address on the several boards of the church and its missionary program. The ladies of the church served a bountiful lunch at the noon hour in the dining room which was enjoyed and appreciated by all.

At 2 p. m. the congregation re-assembled in the main auditorium and the following program was presented: The meeting was called to order by the pastor, C. W. Andrew. First was a piano and organ prelude by Miss Clara M. Johnson and Mrs. G. E. Eundren, followed by the congregation singing "Love Divine, All Love Excelling." Prayer by Dr. T. B. Lugg. Song, "Living For Jesus," Clara M. Johnson. Reading, "St. John's Fund," Mrs. H. E. Burns. Historic sketch of the church composed by Mrs. P. J. Rayburn and read by Miss Edna Pilon. Men's quartet, "Day Is Dying in the West," C. H. Burch. C. Mason, Rev. C. W. Andrew, G. E. Eundren. Remarks by Dr. T. B. Lugg. The climax of the service was the consecration service conducted by the pastor, C. W. Andrew. The congregation assembled about the altar and a short prayer service was held. After the Doxology the meeting was dismissed by Dr. T. B. Lugg. Members of other churches were in attendance.

CONTINUER.R. TAX HEARING AT WINCHESTER

Objections To Items Filed; Other Winchester News Notes

Winchester, October, 7.—The tax objections of the Wabash, C. B. & Q. and the Alton Railroad Companies which were set for a hearing in County Court at 10 o'clock this morning were continued by agreement of the State's Attorney, C. C. Carter, and the attorneys for the railroad companies until 10 o'clock A. M. October 21st. The three railroad companies which have property in Scott County have filed objections to two items of their tax bill.

The first item objected to is the 4c rate levy made for the payment of County Mother's pensions. The railroads say that the levy is illegal in that it is in addition to the 25c levy made for general county purposes and thus exceeds the statutory limit which counties may levy.

The second item objected to is the 13c levy made for the purpose of paying unpaid claims against the county. The objectors aver that this item is indefinite, uncertain, illegal and insufficient for the reason that there is nothing in the itemization of said supposed claims which in any way indicates the purpose for which the tax is levied to provide for the payment of such claims.

Brotherhood to Meet. The Winchester Brotherhood will hold its second meeting of the year with a 6:30 o'clock dinner in the dining room of the Christian Church Thursday evening. Earl C. Nelson, chairman of the program for the evening, has secured Dr. J. A. Chapman, pastor of the M. E. Church, as the speaker for the meeting.

Otie Scott, Worshipful Master of the local Masonic Lodge, James Rousa and Ed Campbell are attending the Masonic Grand Lodge in Chicago this week.

BATH RESIDENT KILLED BY CAR

Grover Finch Fatally Hurt By Auto Driven By Franklin Man

Havana, Ill., Oct. 7.—Grover C. Finch, 53, resident of Bath, was struck by an automobile, driven by Ward Tribble of Franklin, Ill., and killed instantly Sunday at 1:30 a. m. on Route 78 about three-quarters of a mile south of Havana.

Mr. Finch was walking on the hard road, going south toward Bath, when the car struck him from behind, as the car was also traveling south.

There were three occupants in the car, Hayden Pearson, Jacksonville, owner of the car; Ward Tribble of Franklin, who was driving, and Charles Ryan, also of Franklin. The driver and the owner of the car failed to see Finch as the car was coming toward them and the lights of the oncoming car blinded them. After striking the man, Ryan stayed at the accident while Pearson and Tribble came into Havana and notified Sheriff Carl F. Trimpe.

Mr. Finch is survived by his wife, Mrs. Kathryn Finch, and two daughters, also his mother. Funeral services will be held Tuesday at 2 p. m. at the residence at Bath and interment will be made in the Bath cemetery.

CONVENTION OF ATA FOR 1936 TO BE HELD HERE

Jacksonville Chosen At National Meeting In Oklahoma

Muskogee, Okla., Oct. 7.—(AP)—Delegates to the national Anti-Thief Association today tabled a motion to put the "horse" back into the name of the association.

They said the change in name of the organization from the national Anti-Horse Thief Association to the present, which was 20 years ago, has resulted in a severe drop in membership.

Officers elected included Sydney Holden, Edinburg, Ill., president and Charles McDaniel, Macon, Ill., secretary-treasurer.

Jacksonville, Ill., was chosen as the 1936 convention city.

The A. T. A. held its national convention here several years ago. The state convention was also held here at that time.

The local sub-order will send 20 delegates to the state convention at Paris, Ill., on October 16 and 17, and it is said that the local sub-order will attempt to secure the state convention for this city.

More than 500 "ants" attended the state and national conventions here. The Jacksonville sub-order is the largest in the country. L. Clyde Cooper is president of the local order.

CHURCH NIGHT IS MARKED AT WOODSON

Woodson, Oct. 7.—(AP)—Church night was observed this evening at the Christian church. The meeting was opened with a song by the audience and prayer by Rev. Fred Leeper. The following program was given by members of the Christian church of Ashland.

Finno Duet—Mrs. Leta DeWeese and Betty Lou DeWeese.
Trombone Solo—B. Lewis.
Quartet Selections—L. C. Lewis, Bert Way, Gene Way and Lloyd Ogle.
Two plays—"The Sewing Circle, an Old Maid's Convention."
Vocal Duet—Mr. and Mrs. L. D. Lewis.

A splendid talk was given by Rev. Donald Finley, pastor of the Ashland church. The closing song was, "Blest Be the Tie That Binds." Rev. Finley delivered the benediction.

Previous to the program, refreshments were served consisting of sandwiches, salad, cake and coffee. About twenty-five guests from Ashland were present. The meeting was greatly enjoyed by all.

The Meeting of the Ladies Aid society of the Christian church which was announced to meet with Mrs. Fannie Harney Tuesday, has been postponed and will meet at the church Friday afternoon at 2 o'clock.

Shelter Belt Trees Thrive as Future Dust Curb

Row after row of trees are flourishing in this shelter belt near Mangum, Okla., part of the government's great project to halt the ravages of dust storms in midwest and southwest. Inclosed within fences, this strip is a half mile long and 10 rods wide, the standard width of all strips in the belt. The tallest trees are 15 the two center rows. From 12 to 15 inches high when planted last April, they now are eight to nine feet high.

12 Persons Are Killed In Crash Of U. A. L. Plane

(Continued from Page One)

The plane, which carried mail as well as passengers, was due in Cheyenne at 3:19 a. m. CST.

Five minutes before he was due to land, Collision inquired of the air field here for ground wind information.

Colson, a former army aviator and a mail flier since 1921, won his sobriquet for careful piloting. He held many speed records of the early days of mail flying, having participated in the flight of half a ton of mail from San Francisco to Chicago with four other pilots in 13 hours and 38 minutes, maintaining an average speed of 141 miles per hour.

Over a roughly made trail, by auto and motorcycle, Coroner Paul Worland and 200 soldiers from Fort Warren, Wyo., were dispatched to the scene of the disaster.

Before prying apart the wreckage of the giant, silver-hued airliner, a representative of the Department of Commerce, stationed at the Cheyenne airfield, was hastily summoned. The soldiers formed a tight circle about the debris.

METROPOLITAN CLUB HOLDS MEETING

The newly organized Metropolitan Club held its regular business meeting Monday evening in its club rooms at 17 1/2 west side square. At this time a resolution was presented to make an amendment to the by-laws of the club. This will be voted upon at the next meeting. Harry Dowland was elected secretary, a vacancy on the official board.

Plans were completed for the dance to be held in the American Legion hall on Oct. 23. The committee includes George Brown, Claude Davis, Harry Dowland, Jack James, Maurice Lair, John Wood, and John Mullenix. On the program Bob Leach gave a paper on "Surgery Rebuilds Shattered Men." Behind The Scenes In Washington

Another General Johnson Blast Hinted . . . Experts Get Busy Doping War Outcome . . . Some See Mussolini Fall . . . Reds Center Efforts on Germany and Japan . . . Labor Board Feels Cabinet Claws.

By Rodney Dutcher
Journal-Courier Washington Correspondent

Washington—Gen. Hugh S. Johnson according to a tip which has mildly perturbed certain insiders here, has written an article for an anti-administration national magazine in which he excoriates liberal brain-trusters in the New Deal.

Grapevine reports say the Johnson blast is to be published with considerable ballyhoo and that the general will undertake to prove that Roosevelt, though a fine fellow himself, has been deluded by reformers of the Tagwell and Frankfurter types, who are mentioned by name.

Thus far no one has followed the example of the once powerful Donald Richberg, who wrote to the Saturday Evening Post warning of consequences if it published a Johnson article as derogatory to himself as he had heard it was going to be.

But more than one brain-truster who has befriended Johnson in the past admits considerable interest.

Experts Guess on War

War in Ethiopia found most diplomats here admitting they were forecasting an unusually difficult time forecasting the final moves on the European chessboard.

They figure Mussolini himself has experienced some surprises, as they sure he felt he had reason to believe he could proceed without interference from either England or France.

Anglo-German and Franco-Italian understandings of early summer seem to have been uncrumbled into an Anglo-French front against Mussolini and, potentially, against Hitler.

But the belief among some well-informed close observers—which may be

blown sky-high overnight—is, briefly:

England, France, and Italy have agreed that there is to be no European war at this time. League of Nations sanctions will be applied gradually against Italy, allowing Mussolini to mop up Ethiopia to a point where he can claim victory and save his face.

The league will then engineer a peace agreement, terms yet to be arranged, but will make enough concessions to enable Mussolini to boast of them at home.

Fall of Duce Foreseen

Such a theory is, at least, no more fantastic than the idea of a general European war. It includes the belief that Mussolini dares not court war with England.

It proceeds to the conclusion that neither British nor many other league members will concede peace to Italy which would be much more advantageous than the league offer which Mussolini already has turned down.

You can even hear predictions here that eventually this outcome will mean, as the Italian people come to realize they were handed a lemon, the downfall of Mussolini. (The prophets are willing to bet as much as a dollar on it.)

Some diplomats profess to see an informal alignment of the world's democracies shaping against the two great dictators, Mussolini and Hitler, and deduce that Fascism and democracy is headed toward the twilight.

The Russian dictatorship doesn't figure in these calculations, as Stalin hasn't become bellicose.

Reds "Boring In"

Russian Communist agents are nowhere near as busy in this country as some viewers-with-alarm would have you believe. Chief centers of secret Communist preparations for revolutionary effort are Germany and Japan.

Russians believe those two nations are likely to attack her in concert and hope to be able to foment uprisings at home which will weaken their military effort at the front.

The "Tiger's" Claws

A certain woman cabinet member, who shall be nameless, has been nicknamed "the wounded tigress" among the more facetious officials of the National Labor Relations Board.

The big fight over the Wagner labor disputes bill was as to whether the new National Labor Relations Board should be under supervision of the Labor Department.

Hardly had the act passed—completely divorcing the board from the department—than NLRB was advised that the space it occupied in the big new Labor building would be needed for the Social Security Board.

Since the latter board had no money and needed little space for quite a while, NLRB took its time. But recently it crammed into a small uptown office building.

Slayer of Girl, 7, In Seattle Sought By Police Officers

Degenerate Arrested, But Hunt Goes on for Sadistic Killer

Seattle—(AP)—A sadistic killed who hanged seven-year-old Sally Kelley on a garage door was hunted here today by police detectives, shotgun squads and volunteers.

Investigating officers said the girl, the daughter of Mr. and Mrs. Albert H. Kelley, was criminally attacked before she was slain last night. Coroner Otto H. Mittelstadt and Detective Captain Ernest Yoris attributed the killing to a degenerate.

Captain Yoris announced detectives had taken into custody for questioning a 31-year-old man. He did not disclose details of the arrest.

Detectives had as their main clue a mans large handkerchief which was tightly knotted around Sally's neck and lashed to a metal knob on the garage door when two policemen discovered her body.

The child's grandmother, Mrs. Alfred Coolidge, called police after Sally disappeared from the hallway of an apartment where she was playing.

Four hours later Patrolmen Perry Hackler and F. E. Tinsley, investigating garage behind the apartment building, opened one of the doors and the body, knees touching the ground, came into view.

Captain Yoris said the autopsy showed she had been criminally attacked, struck a savage blow on the head and then strangled. As Yoris tentatively reconstructed the crime, the girl was lured or snatched from the hallway, taken some distance away and then returned to the garage, possibly dead or unconscious.

Tigers Beat Cubs 4 To 3 And Win First World Championship

McCooley Checks Routt With 19 to 0 Setback On Sunday

Hannibal, Mo.—A fumbling, off-color Routt high team dropped its first decision of the year on the gridiron here Sunday when McCooley High scored three times to win over the Jacksonville lads 19 to 0. McCooley scored in the first quarter on a lateral pass, again in the third quarter on a forward pass, and broke a man loose for a 20 yard gallop to another touchdown in the final quarter.

The game was costly to the Rockets, for Sam Isaacs, back, probably will be lost for at least a week and perhaps longer as the result of a twisted knee. Routt's famed offense got together twice for sustained drives, but McCooley's forward wall both times checked the Rockets when they entered the 20 yard line. Viciously fought all the way, Routt relied upon a few more first downs than the home team, but couldn't get yardage inside the twenty yard lines.

Breaks of the game seemed to go against the Rockets, but at the same time the McCooley battlers provided their ball carriers with good blocking, and executed their plays smartly.

It was a smartly executed lateral pass, about which there was some dispute, that gave McCooley its first touchdown in the opening quarter. Taking advantage of a short Routt kick, King took a lateral from Hurley and outstepped the Routt secondary, most of which was knocked down by blockers, for a 30 yard run across the goal line.

Routt launched a drive immediately that carried them to past the middle of the field, and then another drive as the second quarter opened that carried them inside the McCooley 30 yard line, but McCooley held for downs both times. After the second drive, Routt intercepted a pass deep

in McCooley territory but lost the ball on a fumble on the next play.

Another Routt drive, opening the third quarter, carried the ball to the middle of the field where two Routt passes fell incomplete. McCooley punted, and then recovered a Routt fumble on the Rocket 30. Line plays gained 15 yards, and a pass, from Crim to Hull scored another touchdown as McCooley struck quickly.

Routt erred again when they fumbled and McCooley recovered on the Routt 45, a pass moving the ball 20 yards toward the goal line as the third quarter closed. A couple line plays, followed by a 20 yard gallop by Crim, netted McCooley another touchdown.

Routt had the ball on McCooley's five yard line late in the fourth quarter, but lost the ball on downs.

The line-ups:

Routt	Position	McCooley
Pike	L.E.	Kurtz
Beerup	L.T.	Brink
Loneragan	L.G.	Joe Dapp
Doherty	R.C.	Swartz

Three Conference Tilts In Valley

Carrollton And Greenfield Top List As All Teams Get Taste Of Work

Carrollton	2	0	0	1000	16	6
Greenfield	2	0	0	1000	19	0

Pittsfield	0	1	0	000	0	13
Pleasant Hill	0	2	0	000	49	0

Games This Week

Friday—Winchester at J. H. S.; Pittsfield at Roadhouse; Mt. Olive at Greenfield (night); Virginia at Converse, Springfield; Beardstown at Macomb.

Saturday—U. High, Normal at Routt; Jerseyville at Carrollton; Pleasant Hill at White Hall.

Three teams, a past champion, the defending champion, and a bunch of youngsters who fought through a dreary year last year to find down the dawning glint of this year, have climbed to the top of the Illinois Valley standings this year, after all of the teams have had at least one game.

And three games, which has been about the average production for teams in the conference for each week, will be on tap this week end. Pittsfield Indians will go on a scolding party at Roadhouse Friday afternoon, while Carrollton's Hawks will postpone their activities until Saturday afternoon when they will meet Jerseyville eleven. Pleasant Hill will try to get out of the cellar class against a rapidly improving White Hall team.

Greenfield, the bunch of youngsters who have proved to be too tough for Jerseyville, Pleasant Hill and Jacksonville on successive week-end, will keep their standing among the list of elders at least for another week meeting Mt. Olive in a non-conference game under the Greenfield area Friday night. That will be their last tune up for the momentous game with White Hall there the week following.

Roadhouse thus far has shown itself as the outstanding team in the conference, rolling up an impressive 49 to 0 victory over Pleasant Hill last week, to put up alongside its victory 20-13 over Peishans, of Springfield, and its 6-0 loss against Quincy. However, there is no discounting Carrollton's three victories in a row, over Clark, Pittsfield and Winchester, nor Greenfield's string of wins.

Green Bay on Way Back in Grid Loop

Are in Second Place Behind Chicago Cardinals; Both Win on Sunday

Chicago.—(P)—Green Bay's Packers, apparently on the upgrade again in National professional football league affairs, will have a chance to square up for their only defeat of the season Sunday in meeting the surprising Chicago Cardinals.

The Packers, only team to win three consecutive National league titles, having topped the field 29-30-31, took a 7 to 6 beating from the Cards in their opening game. Since then, they have won three straight to move up to second place behind the Cards in the Western division, the third decision coming yesterday at the expense of the Pittsburgh Pirates, who fell 27 to 0, at Green Bay.

While the Packers and Cards are battling for first place in their section, the Chicago Bears will meet the Philadelphia Eagles, Brooklyn tackles the New York Giants at New York, and Detroit tackles Boston at Boston. Philadelphia and Pittsburgh will tangle in the only midweek game Wednesday night at Pittsburgh.

The Packers confined their scoring to the second and fourth periods in walloping the Pirates. George Auer and Joe Laws punched over a touchdown apiece, and Don (Rose Bowl) Huson caught a pair of passes from Arnie Herber for the other two. The Pirates threatened only once, reaching the Packers 15 yard line in the final period.

Forward passes, in spite of a ball made slippery by rain, gave the Giants their victory over Boston. Kink Richards punched over for the first score after Tony Saravsky had passed to Ted Gooden to put the ball in position. Ed Danowski tossed to Dale Burgett for the other two touchdowns, both in the second period. Boston scored once on an 85-yard run by Cliff Battles who had taken a lateral from Bill Shepherd, and again on an outside kick which caught the Giants asleep. Pug Rentner kicked off in the third period; the ball stopping in the end zone. Rentner galloped down and fell on the ball for a touchdown while the Giants looked on.

Ralph Kerechewski too helped Brooklyn to a surprise 12 to 10 victory over Detroit at Brooklyn. Kerechewski kicked two field goals to go with a touchdown by Franklin, which just about offset

Knox and Augustana Lead Little Nineteen

Chicago.—(P)—Three teams—Knox, Augustana, and Elmhurst—hold a joint lease on first place in the Illinois Intercollegiate football standings today, but one of the trio will be forced from the pinnacle during the week.

Knox and Augustana, with past records at the extreme ends of the scale, will clash Saturday at Rock Island in the contest that will eliminate one from the leadership, unless a tie game results.

Russ Spuehr, halfback, who was removed from Saturday's game with Parsons College, suffering from an injury to his leg, appeared for a while Saturday night, on crutches, then tossed away the sticks, and by Monday had become convinced that his injury was nothing over which he should lose sleep. He expects to report for practice this afternoon.

Ray Smith, also injured in Saturday's game, was none the worse for wear, leaving only Penn, a tackle, on the crippled list. Vernon Ford, guard, recovered his usual health shortly after he was removed from the game, and was not even stiffened up yesterday.

Nusspeck is seriously considering changing his guards. Munger and Ford, to defensive tackle positions, and leaving Captain Louis Davis to handle the job in the center of the line. Such a shift may better the defense, but what he is going to do about the offense has the coach scratching his head. Kenneth Mann probably will get a longer stretch in future games in view of his masterful handling of the team when it marched through Parsons for a touchdown, but Nusspeck at the same time does not wish to sacrifice Tony Donat's superior defensive ability.

The Blueboys probably will spend a lot of time this week in brushing up their defense against forward passes, for its weakness, under the eyes of Coach Leo Johnson, of Millikin, cost the Blueboys two touchdowns Saturday.

Millikin was idle last week, because Iowa University cancelled a "B" squad game scheduled with Millikin on the grounds that the Iowa team could not play against a team which permitted freshmen in the varsity line-up.

Nusspeck also is beginning to work on a line-up for a game between the college freshmen and Hannibal-LaGrange junior college, to be played late this month.

Roadhouse shoppers in the city Monday included Mrs. Edward Kennedy.

Among the Monday business visitors in the city was E. B. Christman of Merritt.

Two Cripples Turn Up At College Camp

Feduris Definitely Out Of Millikin Game; Coach Considers Shift

Two partially crippled football players reported to Coach Raymond Nusspickel yesterday, when the squad turned out for its nightly work-out, but the coach gave them little heed, for he was busily engaged in working out in his mind some way to stop Millikin's jack-rabbit backfield, and the cripples were expected to be all right in a couple of days.

Several possibilities presented themselves as the coach went over in his mind the means he might attempt to strengthen the defense, and at the same time jazz up the offense to a faster pitch. It was almost definitely established over the weekend that Albert Feduris, co-captain, would not be eligible for the game with Millikin because of late registration, and this fact has not aided a bit in solving the problem.

Russ Spuehr, halfback, who was removed from Saturday's game with Parsons College, suffering from an injury to his leg, appeared for a while Saturday night, on crutches, then tossed away the sticks, and by Monday had become convinced that he should lose sleep. Kenneth Mann probably will get a longer stretch in future games in view of his masterful handling of the team when it marched through Parsons for a touchdown, but Nusspickel at the same time does not wish to sacrifice Tony Donat's superior defensive ability.

The Blueboys probably will spend a lot of time this week in brushing up their defense against forward passes, for its weakness, under the eyes of Coach Leo Johnson, of Millikin, cost the Blueboys two touchdowns Saturday.

Millikin was idle last week, because Iowa University cancelled a "B" squad game scheduled with Millikin on the grounds that the Iowa team could not play against a team which permitted freshmen in the varsity line-up.

Nusspickel also is beginning to work on a line-up for a game between the college freshmen and Hannibal LaGrange junior college, to be played late this month.

Roodhouse shoppers in the city Monday included Mrs. Edward Kennedy.

Among the Monday business visitors in the city was E. B. Chrisman of Merritt.

Goslin Strikes \$50,000 Blow That Sends Cochrane Home With Winning Marker

By Alan Gould.

Navin Field, Detroit, Oct. 7.—(P)—Leon Allen Goslin, an amiable New Jersey farmer known far and wide as "The Goose," struck the \$50,000 blow today that carried Detroit's Tigers to their first world championship in a slugfest, rip-roaring finish to the baseball wars of 1935.

With the score tied, two out and Manager Mickey Cochrane on second base in the last half of the ninth inning, the Goose produced the golden baseball, a line single over the head of Billy Herman, star second baseman of the Chicago Cubs, that brought Cochrane home with the deciding run.

Goslin's winning hit off Larry French, Cub southpaw, gave the battling Bengals a 4-3 victory in the sixth game, and carried them to triumph in the series by a margin of four games to two, and enabled him to become a three-run pitcher, a conquering hero after a thrilling struggle.

Coming after a brilliant stand by Bridges, who stopped the Cubs cold in their half of the ninth after Stan Hack had opened with a triple to deepest center, the Goose's wallop touched off one of the wildest home town demonstrations any world series has witnessed since the renowned Walter Johnson pitched the Washington Senators to victory over the New York Giants at the nation's capital in 1924.

The biggest crowd that has ever seen a ball game in Detroit, 48,420 roaring fans who contributed to the seventh million-dollar "gate" in world series history and the third largest of all, poured out on the field the moment that Cochrane crossed the plate, well ahead of Frank Demaree's futile throw in the general direction of home.

On the same field where they laid down a barrage of fruit and vegetables the year before, as the Cardinals were knocking the ears off the home side, the Tiger bleachers swarmed to the diamond and started a terrific uproar that lasted for hours and was continued far into the night, in all parts of the city.

The crowd's surge nearly crushed Goslin as he tried to make his way toward the gates. Finally, with six bluecoats as an escort, the Goose managed to work his way across the diamond, clutching his hat, grinning and waving a final salute to his worshippers as he escaped through a side exit.

It was a highly exciting and dramatic climax to Detroit's long quest for the world championship of professional baseball. It was the first Tiger triumph in five attempts. Four times since the modern inter-league warfare began officially in 1905 Detroit has had its pennant winner turned back by National League rivals. Twice the Cubs turned the trick in 1907 and 1908. The Pirates followed suit in 1909. Last year, the city's first championship club in 25 years, was beaten back on its home grounds by the Gas House gang of St. Louis in a seven-game thriller.

After returning home with a 3-2 lead, it looked as though the fates were against the battling Bengals. They lost the opening game of this year's series but then went on, despite the loss of their slugging first baseman, Hank Greenberg, to take three straight from the Cubs, drop the fifth game and then outflank the Chicagoans in a spine-tingling slugfest this afternoon in a warm weather finale to a series that has been otherwise the coldest in history.

The final game was filled with tense moments, some with a 2-2 lead, hitting of the series and marked by a bitter renewal of the warfare between the Cubs and Umpire George Moriarty, of the American League, before Bridges earned the decision over French. Both pitchers went the route, under heavy fire, as each club collected an even dozen basehits. Both did some superb work in the pinches but the Tigers got the "breaks," when they could be most useful, and capitalized their chances to squeeze out their third one-run victory in the last four games.

Led by the sensational Bill Herman, who banged out three hits, including a home run in the fifth inning, and drove home all three Chicago runs, the Cubs put up a gallant fight to send the series into a seventh game. Scrapping all the way, swinging from the heels against Bridges' fast ball, the National leaguers tied the score in the third, took the lead in the fifth and yielded only after giving the Tigers a last-inning scare.

A close decision at third base by umpire Moriarty, in the third, cost the Cubs one run and another ruling by the same arbiter, in the sixth, had the Cubs growing in bitter protest against the man who seemed fated to be "on the spot" at any time there was a close play to call with the fortunes of the National leaguers vitally involved.

After singles by Cochrane and Chas. Gehring and Pete Fox's double had sent the Tigers off with a one-run lead in the third inning, the Cubs opened fire in the third against Bridges. Billy Jurges led off with a single, French fanned but Augie Galan's sharp drive caromed off Marvin Owen's glove near the first baseline for another base hit, sending Jurges to third. Herman's single to right tallied Jurges but Galan was cut down on Fox's brilliant throw to "Flea" Clifton at third base. Galan's hook-slide into the bag was simultaneous with the arrival of the ball. The Cubs kicked vehemently, renewing their feud with Moriarty, but it did them no good.

The American league's first world series triumph in three years was marked by exciting but none too brilliant baseball and a weird succession of injuries as well as "break" and "batter" batting. The Tigers had to revamp their infield for the last four games, after losing Greenberg. The Cubs had two casualties, centerfielder Freddie Lindstrom, who was forced out of the last two games by an injured finger, and Lon Warneke, pitching hero of the only Chicago victories, but it cannot be said that either mishap affected the outcome.

Klein, taking Lindstrom's place in the batting order, was the hitting hero of yesterday's Cub triumph. Warneke's lame arm was more costly, whether or not it altered the final outcome. Lonnie, had he been able to pitch, might have been tossed into today's fray to hold the Cub lead.

The total series receipts, \$1,173,794, were the highest since 1926 and close to the record set at \$1,207,864 in seven games. One more game this year would have established an all-time high for the "gate" which again included \$100,000 for the broadcasting rights.

The record players' pool, amounting to \$414,507.60, will result in the biggest payoff of world series history for the contending clubs. Each member of the Tigers will get \$6,831.88, according to unofficial calculations, while each Cub share will amount to \$4,382.72. The difference between the money split by the world series rivals was upwards of \$50,000 and represented the big payoff on Goslin's winning blow.

Three Conference Tilts In Valley

Carrollton and Greenfield Top List As All Teams Get Taste Of Work

Carrollton 2 0 0 1000 16 6
Greenfield 2 0 0 1000 19 0

White Hall 1 1 0 500 18 26
Jerseyville 0 2 0 000 13 20
Pittsfield 0 1 0 000 0 13
Pleasant Hill 0 2 0 000 49 0

Games This Week

Friday—Winchester at J. H. S.; Pittsfield at Roodhouse; Mt. Olive at Greenfield (night); Virginia at Converse; Springfield; Beardstown at Macon.

Saturday—U. High. Normal at Routt; Jerseyville at Carrollton; Pleasant Hill at White Hall.

Three teams, a past champion, the defending champion, and a bunch of youngsters who fought through a dreary year last year to fling down the daring gauntlet this year, have climbed to the top of the Illinois Valley standings this year, after all of the teams have had at least one game.

And three games, which has been about the average production for teams in the conference for a week, will be on tap this week end. Pittsfield Indians will go on a scolding party at Roodhouse Friday afternoon, while Carrollton's Hawks will postpone their activities until Saturday afternoon when they will meet Jerseyville eleven. Pleasant Hill will try to get out of the cellar class standing a rapidly improving White Hall team.

Greenfield, the bunch of youngsters who have proved to be too tough for Jerseyville, Pleasant Hill and Jacksonville on successive week-end, will keep their standing among the list of elders at least for another week, meeting Mt. Olive in a non-conference game under the Greenfield stars Friday night. That will be their last game up to the momentous game with White Hall there the week following.

Roodhouse thus far has shown itself as the outstanding team in the conference, rolling up an impressive 49 to 0 victory over Pleasant Hill last week, to put up alongside its victory 20-13 over Peitshans, of Springfield. However, there is no discounting Carrollton's three victories in a row, over Girard, Pittsfield and Winchester, nor Greenfield's string of wins.

Purdue will tackle Fordham, which whipped Boston College, 19 to 0, Saturday, as leader in the Big Ten standing. The Bombermakers whittled out a 7 to 0 triumph over Northwestern in the first game of the conference season and the first to be played at night. A 52-yard touchdown scamper by a sophomore halfback, Tommy McGannon, early in the second period was the margin of difference between the teams in an otherwise evenly contested match.

Iowa, with Dick Czarne operating impressively, and Ozzie Simmons, fleet Negro halfback, flashing his spectacular early 1934 season form, trounced South Dakota, 47 to 7. The Hawkeyes, however, will need to be good against Colgate's lateral-passing red raiders, who whipped St. Lawrence, 31 to 0, and Amherst 12 to 0, one after another, Saturday.

Illinois may give Southern California a busy afternoon after all. The Illini suffered a 6 to 0 defeat a week ago by Ohio University, but bounced back Saturday to blister Washington University of St. Louis, 28 to 6, with Lowell Spurgeon, substitute for the injured star Les Lindberg, taking a big part in the proceedings. The Trojans had to come from behind in the last period to defeat A. A. Stagg's College of the Pacific eleven, 19 to 7.

Wisconsin's outlook is definitely dismal. While Notre Dame was finding itself in the last half to conquer Carnegie Tech, 14 to 3, the Badgers absorbed a 33 to 0 wallop from Marquette. The victory was Marquette's first in eleven attempts at governing the Badgers.

Ohio State's highly touted eleven was given a tough battle by Kentucky, but came along to win, 19 to 6, with a sophomore back, Joe Williams, sharing ball-carrying honors with the veterans, John Bettridge and Dick Heekin. Drake, which invades Columbus this week, walloped Simpson, 40 to 12, Friday.

Slant Upward

By Frank MacMillen, Financial Writer.
New York, Oct. 7.—(P)—Stock prices slanted upward today in restrained trading. The rally and a few specialties got the bulk of attention from buyers.

Cautious advice from brokers to their clients on account of the international political situation, and the fact that the day was a Jewish holiday, combined to hold dealings down to the smallest proportions for a full session since Sept. 3. Turnover was 948,810 shares.

A rise of 3 of a point was shown by the Associated Press average of 80 stocks at 48.7. The 15 carrier equities in the compilation advanced 6 of a point at 23.9, while the industrials and utilities shaded upward.

Despite the moves of generals and statesmen in European capitals and in Africa, there appeared to be some waiting of war psychology in Wall Street.

Wheat was easier at Chicago, foreign currencies generally improved against the dollar and Italian bonds, firm for a time, ended steady. U. S. government securities developed strength. The stock market's "war babies" were not on the whole much firmer than other sections of the list, although copper and chemicals found some takers at higher levels.

The non-ferrous metal shares improved as the export copper price continued to rise, this time to 910 cents a pound, above the 9-cent domestic level and the highest since 1921.

Most of the metal leaders were up only fractionally, but the advances were sufficient in view of the recent rise in the group to make a number of new highs for the year or longer for such issues as Anaconda, American Smelting, Kennecott, Phelps Dodge, American Metals and St. Joseph Lead. Extreme gains in the division were in many cases shaded by closing time.

Cool Weather Service Special

Flushing of cooling system; detection of leaks; replacement of hose if required; installation of rust-resister.

Accumulated rust retards the circulation of heat causing excess evaporation of Anti-Freeze, impairs the running of your motor.

We have a flushing gun which runs a solution thru your radiator and motor backwards, and it will dislodge and remove all rust; when cleaned and refilled we add a rust-resister so that rust will not form again.

This inspection will certainly be worth while, as your motor will run better; your heater and anti-freeze more efficient, and loss of solution prevented. The cost (including cleaning material and labor) is only.

Hose is Extra, if needed.
